YOUR GUIDE TO A BETTER LIFE THROUGH EDUCATION

MATHEMATICS

1. Work out $67 + 63$

2. Simplify $4m + 4m - 6m + m$

3. Write 679 in words

4. Mujuni moved from home to school at a speed of 40km/h and returned from school to his home at a speed of 30km/h . If he used 2 hrs and 20 minutes altogether, how far is home from school?

5. Solve the inequality $7 > 2p - 1 > 3$

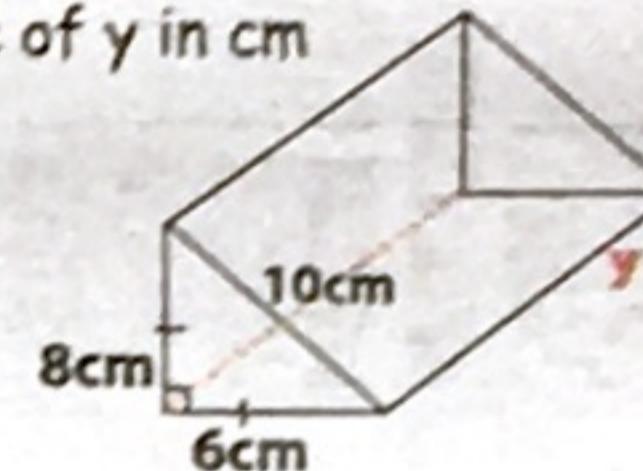

16. The average mass of 5 girls is 40kg . When the teacher joins the group, their average mass becomes 45kg . Find the mass of the teacher.

6. 55 poles were planted along a straight road at an interval of 5m . Find the total distance the poles covered.

7. In the space below, draw a Rhombus and show all lines of folding symmetry

8. The mean of 5, 7, 8 and y is 6. Find the value of y .

9. The sum of the edges of the triangular prism below is 108cm . Find the value of y in cm

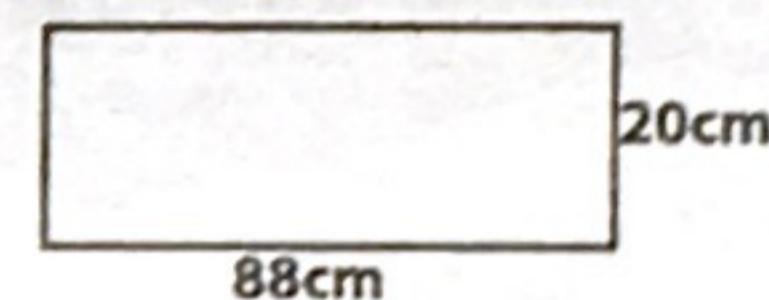

10. Increase 6000 by $33\frac{1}{3}\%$

11. The interior angle sum of a regular polygon is 1080° . Calculate the size of each interior angle.

12. When marking a test of 20 questions, a teacher awards 2 marks for every correct answer and deducts a mark for every wrong answer. If Daniel gets 18 correct answers, what mark will he score?

13. The rectangle below was curved to form a cylinder of height 20cm . Calculate volume of the cylinder formed.

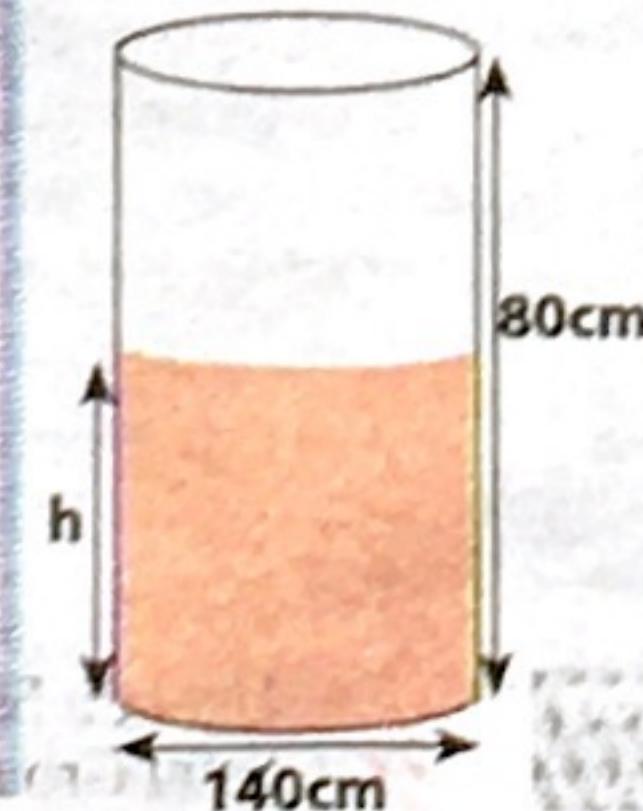

14. Change 23 45 hours to 12 hour clock

15. Express $0.2777\dots$ as a common fraction

SECTION B

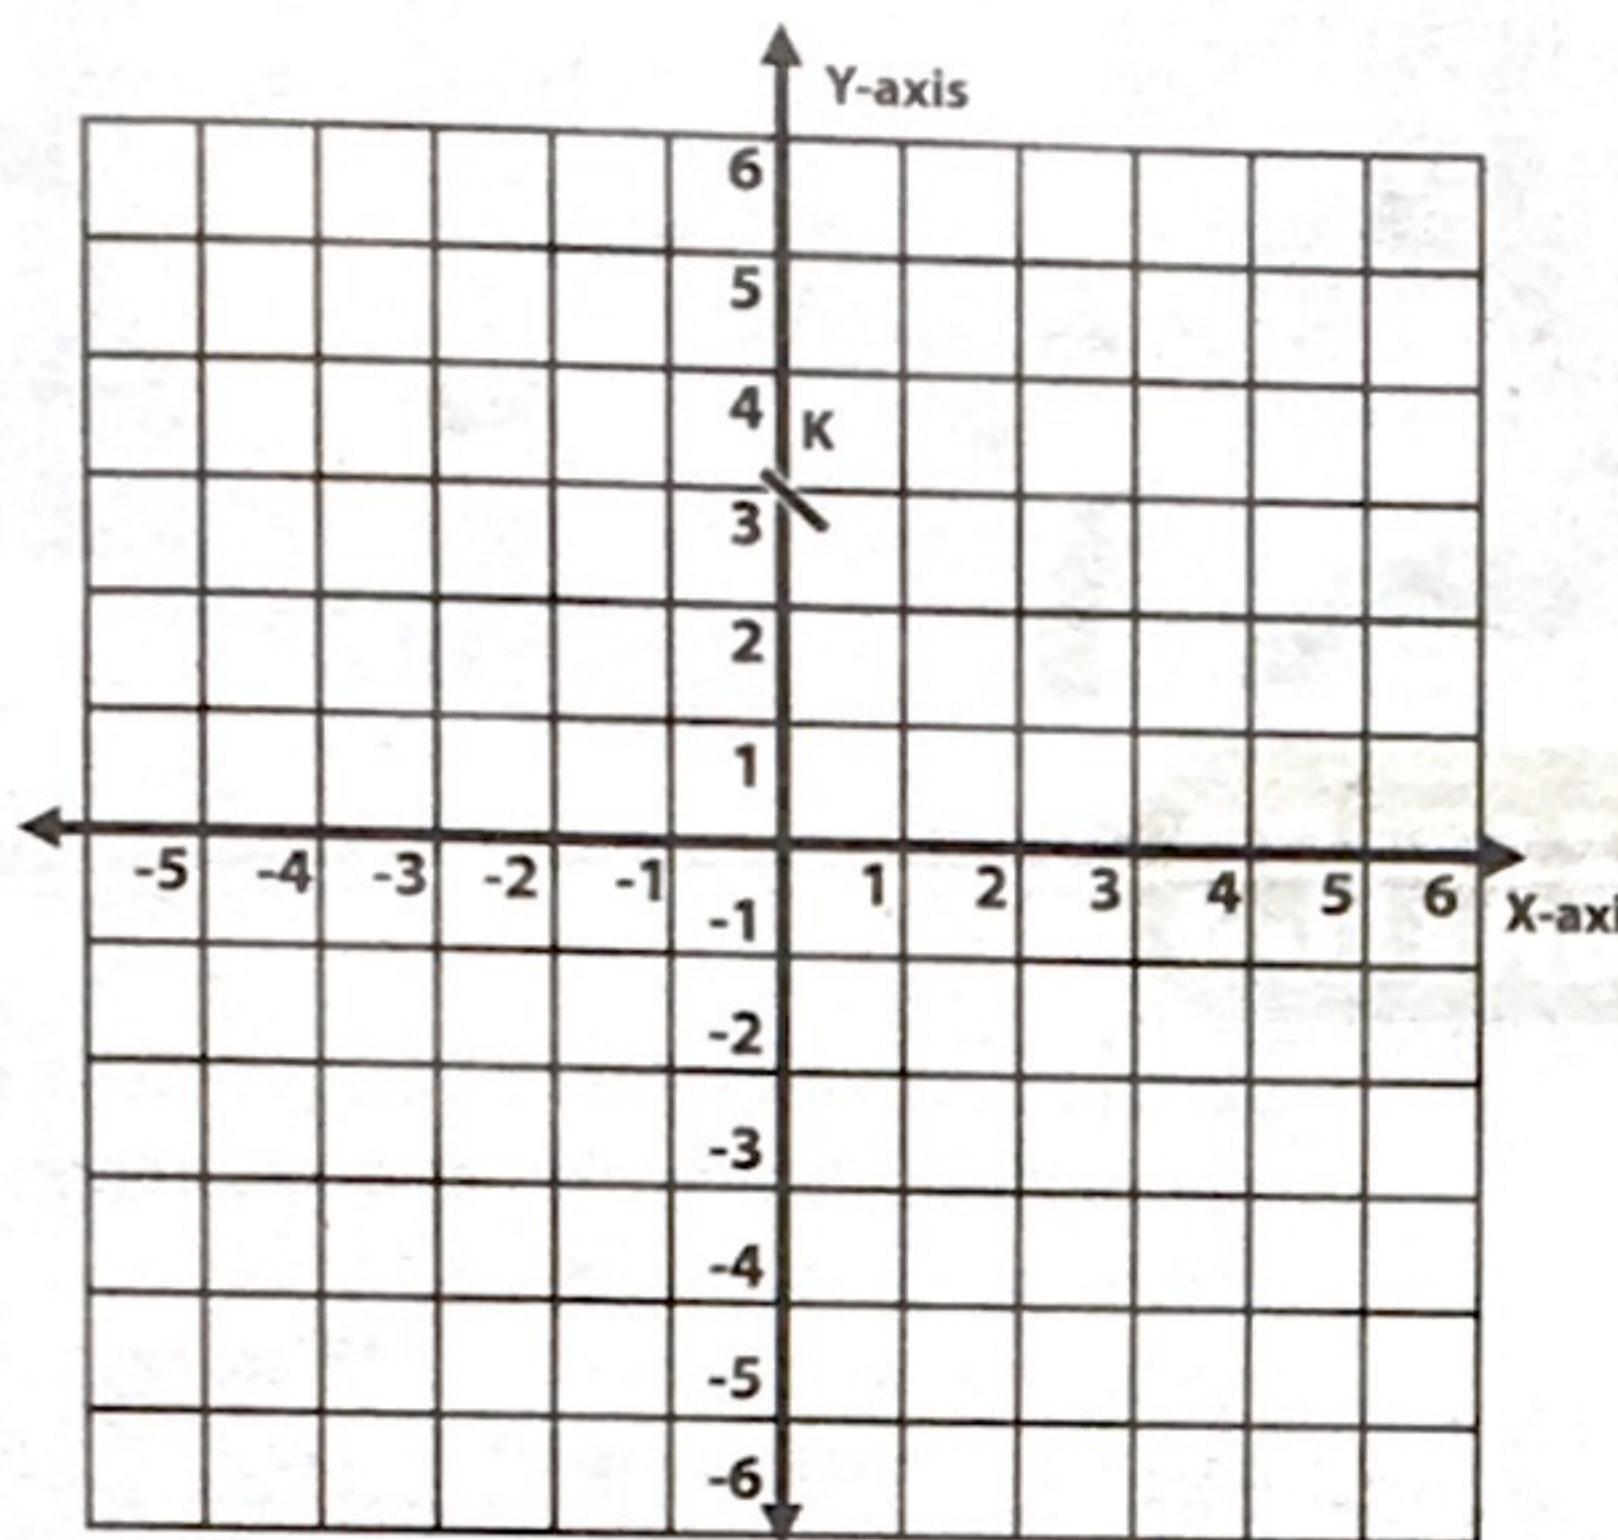

17. The tank below contains 770 litres of water.

a) Find the value of h in cm

b) How many litres of water are needed to fill the tank?

19. Plot the following co-ordinates on the Cartesian grid below and name the quadrilateral formed after joining the points P(0,3), Q(-3,0), R(0,-3) S(3,0).

18. Addison is 25 years old now and Subtracson is 10 years. In p year, the ratio of their ages will be 2:1 respectively. Find the value of p?

- 20.a) Construct a Square in a circle of radius 3.4cm

22. the length and width of a rectangle are in the ratio of 5:4 respectively and its area is 80mm^2 , find the perimeter of the rectangle.

21. The mean of three consecutive integers is 12. Find the integers.

23. Expand 567.8 using exponents
b. write 456. 66 in standard form.

INTEGRATED SCIENCE ANSWERS TO ISSUE 22 (15TH AUGUST 2024)

- Honey/ bee wax/ Propolis
- They have sharp canines for tearing the flesh easily/ they have high speed to enable them catch their prey easily/ they have a good sense of smell that enables them to trace their prey
- Fleshy leaves
- By use of solar panels
- stroked magnets/ induced magnets/ electromagnets
- It can be spread from one person to another/ it is caused by germs that can be transmitted.
- Disease attack
- Cassava mosaic
- It enables the plant to develop from a seed into a real plant to bear fruits later
- Vitreous humour
- Both regulate the amount of light entering the optical instruments they belong to.
- By raising it above the ground
- Carbon dioxide/ water
- Vibrio bacteria/ cocci bacteria/ bacilli bacteria/ spirochaete bacteria
- It makes food extremely cold that prevents bacteria or germ growth on or in it

- It has ridges and cusps that make it rough for grinding food - have a broad surface for food to settle there for easy grinding.
- To increase friction between the finger and a paper
- Kangaroo/ koala bears/ wallabies/ Tasmanian devil
- Conduction
- Cassette player/ phones/ computers/ DVD player/ MP3
- Sand soil lets water to pass through it easily while clay soil holds water for a long time
- It is easy to abstain from sex than killing all mosquitoes in the environment
- Wash the hands before milking/ wash the udder with clean lukewarm water to kill germs on the teats/ wash the milking devices clean before milking.
- The block will displace 24cc of water
- By trapping/ by poisoning them/ by chasing them physically/ by putting scarecrows in the garden
- They have thick walls of increase resistance to blood pressure/ they have narrow lumen that increases the pressure at which blood is

- pumped
- To preserve the drink against getting spoiled/ to prevent the breeding of germs in the drink
- Both reduce friction
- These are routine activities that people take to be part of their life and promote health
- It causes warping of the timber
- SECTION B**
- a) Pitch is the highness or lowness of sound while volume is the softness or loudness of sound
- It makes the instrument tight due to expansion/ it causes increase in the tension of the instrument due to expansion
- It causes damage of the ear drum which leads to deafness
- It is used for entertainment in future/ it cats as prove of the record of work produced by students or pupils.
- a) It provides colour to the skin/ it protects the skin against UV rays from the sun
- It reduces blood flow to the surface of the skin which reduces the rate at which heat is lost through the skin
- b) By shivering/ by formation of

- goose pimples/ by closing of the sweat pores
- a) They are real/ they are diminished/ they are inverted or upside down
- Light travels in the straight line through a small pinhole which forces them to cross each other
- Pinhole forms the image on the translucent screen while in the eye the image is formed in the retina
- a) 1.5v
- By converting chemical energy to electrical energy that runs the devices
- 10.5 but should show the working
- a) Number lacing
- It enables the farmer to identify his animal so easily among many.
- Ear tagging/ branding/ tail bobbing/ ear tattooing
- i) 6 weeks
- ii) Diarrhoea
- iii) One
- iv) Hep B. Vaccine.
- a) To force the mercury back to the bulb
- b) i) It prevents the backflow of mercury before readings are taken
- ii) It holds mercury
- The temperature of the armpits is not easily interfered with by

- external stimuli especially heat.
- a) It is used for cooling the engines/ it is used for transporting goods using ships, ferries, boats/ it is used for washing industrial products before packaging and transportation
- By fencing small water sources/ by avoiding any sort of dumping rubbish in wet lands/ by treating industrial wastes before dumping them
- Hydroelectricity/ steam energy/ tidal energy
- a) These are bad habits or practices done by domestic birds kept in doors
- Cannibalism/ feather pecking/ toe pecking
- By picking eggs in time/ by giving birds food early energy/ by darkening laying places
- a) They are supplied with a dense network of blood capillaries/ they are thin walled
- It keeps the trachea open all the time
- By avoiding smoking/ by doing physical exercises/ by feeding on a balanced diet/ by wearing a face mask while in dusty or smoky places

1) What is the mouth of river Katonga?

2) Mention one special interest group of people represented in the legislative arm of the government of Uganda.

3) What title is given to the political head of a parish/ward?

4) Why is Kenneth Kaunda remembered in the political development of Zambia?

5) What is a constituency?

6) Which factor made African resistance to colonial rule easily brought down by the colonialists?

7) How does desert climate influence the building plans for houses in countries where it is experienced?

8) Which group of foreigners introduced monetary trade in Uganda?

9) How does UNICEF improve on the welfare of school children?

10) How does decentralisation policy help people to live a happy life?

11) State one cause of high refugee influx in Africa.

12) How does Red Cross help people hit by disasters in a country?

13) Why are prisoners given uniforms while in prison?

14) Name the symbol of authority a speaker of parliament uses to execute his or her duties.

15) How does one become a judge in Uganda?

16) Why is DRC called a non-landlocked country?

SOCIAL STUDIES

SECTION A

17) How is the traffic road sign drawn below useful to motorists?

18) How do PIASCY messages control the spread of HIV/AIDS among school children?

19) Which discovery during stone age period enabled early man to harden his farming tools?

20) Write the EAC motto.

21) Why is burial ceremony called a social activity?

22) Which traditional cash crop is persevered using flue curing method?

23) What are human rights?

24) Why did the Germans use direct rule in East Africa?

25) Which pastoral tribe in Nigeria practice transhumance?

FOR NUMBERS 26 TO 30, ANSWER EITHER CHRISTIANITY OR ISLAM BUT NOT BOTH IN A NUMBER

26) Either, Why do Christians close their eyes when praying to God?

OR) Why do Moslems separate women from men when having general prayers?

27) Either, Why was Jesus Christ not liked by the Pharisees/ teachers of law?

OR) Why was prophet Mohammad disliked by some people in Mecca?

28) Either, Why are Christians given the sacrament of baptism?

OR) How does a person become a Moslem?

29) Either, Mention the commandment God gave to the Israelites through Moses which has a promise.

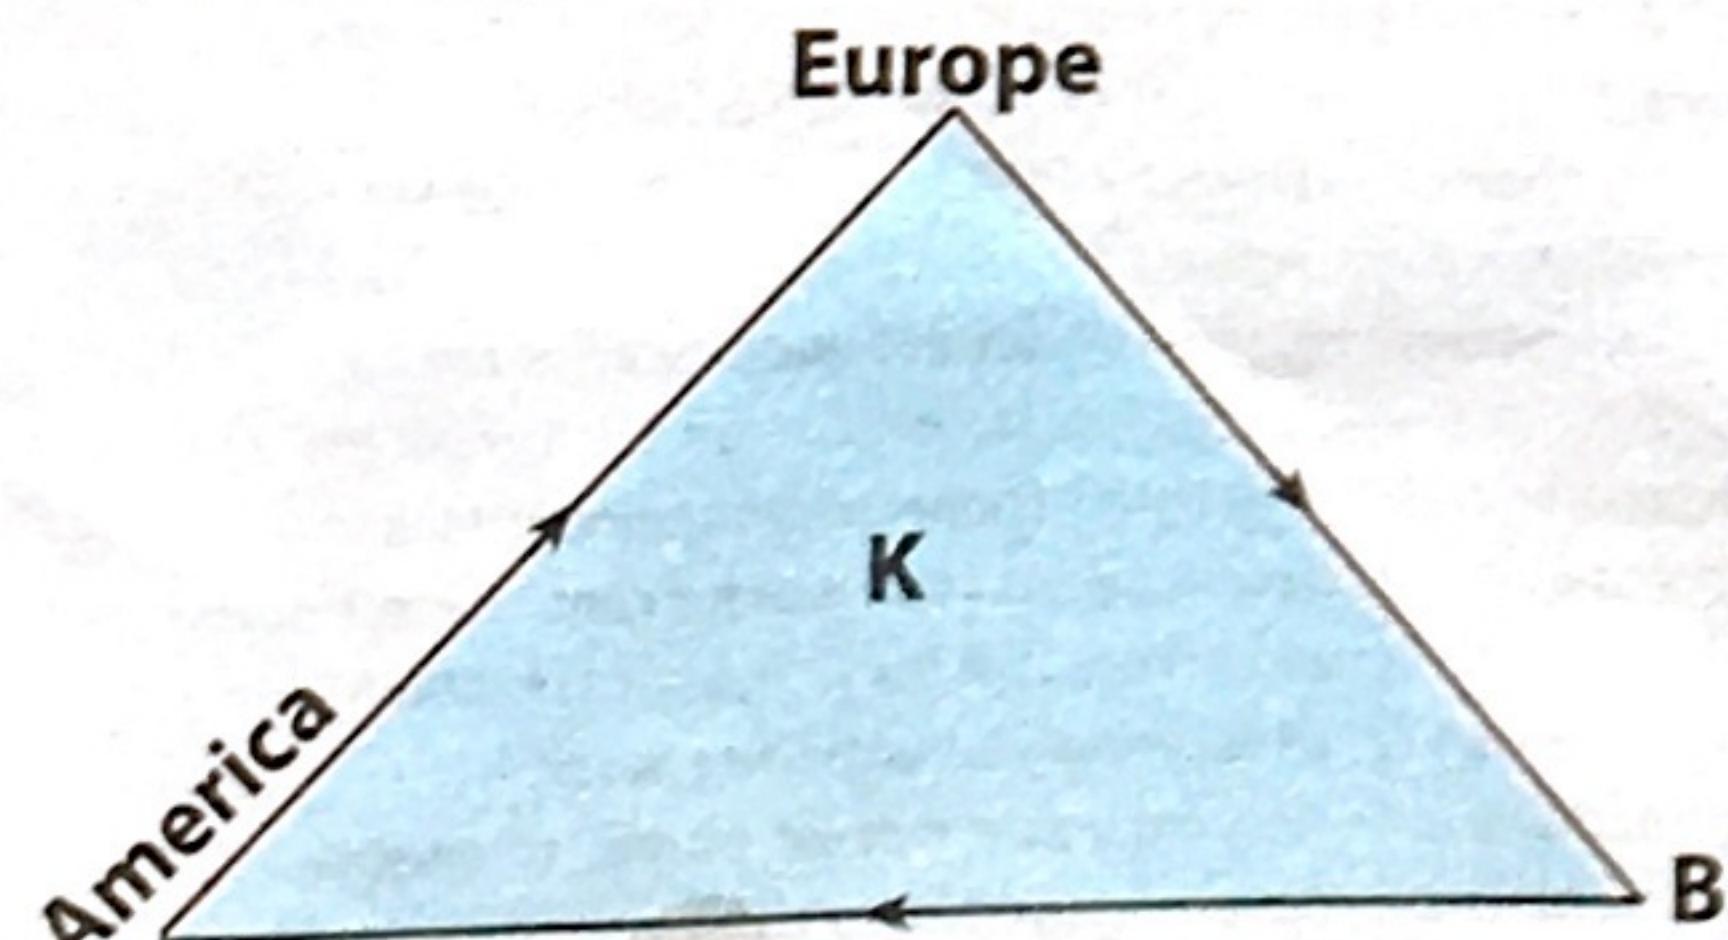

OR) Mention the fourth pillar of Islam.

30) Either, Write IRCU in full.

OR) Write IRCU in full.

SECTION B

31) Use the diagram below and answer questions about it.

a) Which pre-colonial trade is illustrated by the diagram above?

b) Name the continent represented by letter B on the diagram.

c) What was the main item of trade from the continent marked with letter B to America?

d) Name the water body marked with letter K.

32. a) Which international organization was formed when the League of Nations (LON) failed to fulfil some of its main objectives?

b) State two reasons why the League of Nations was formed after the first world war.

ii) _____
c) Mention one of the four permanent member countries that formed the League of Nations in 1920.

33) a) What was scramble for Africa?

b) Mention two European countries that scrambled for Africa.

i) _____

ii) _____

c) Why did the countries named above scramble for African territories?

- 34.a) Which body organises national Housing and Population Census in Uganda?
 b) Why do officials from National Housing and Population Census get the information below from people during Census?
 i) education level -
 ii) occupation -
 c) State any one way a country benefits from its big population size.

- 35.a) State two similarities between Uganda and Great Britain.
 i) -
 ii) -

- b) Give two ways Uganda benefits from being a member of Commonwealth Organisation.
 i) -
 ii) -

- 36.a) Which type of transport is best for transporting petroleum?
 b) State two ways a good transport system promotes industrial development in a country?
 i) -
 ii) -

- c) Give any one factor one can consider when choosing a type of transport to use.
 37.a) Give two reasons why most farmers in Uganda use subsistence farming.
 i) -
 ii) -
 b) How does subsistence farming affect the following?
 i) food production in a country: -
 ii) farmers' income:

PASS PLE

- 38) Study the map below and answer questions about it.

- a) Name the lakes marked with letters S and K
 S :-
 K:-

- b) How were the lakes marked K and S on the map above formed?

- c) Use letter XXX and mark on the map above the country which survived European colonisation.

FOR NUMBERS 39 TO 40 ANSWER EITHER CHRISTIANITY OR ISLAM QUESTIONS BUT NOT BOTH NUMBER.

- 39) EITHER, a) Which prayer did Jesus teach his Apostles before his Ascension to Heaven?

- b) Give two needs Christians ask from the prayer mentioned in "a" above.
 i) -
 ii) -

- c) Mention any one event when Christians pray to God.
 OR) a) Which prayer is said by Moslems for a dead person before burial?

- b) Give two needs Moslems ask from Allah through salat.
 i) -
 ii) -
 c) State any one event when Moslems pray to Allah apart from the five daily prayers.

- 40) Either: a) Give two causes of conflicts among married couples.

- b) Why are people who are planning to get married advised to consider the following factors very important?

- i) HIV/AIDS test:-
 ii) Age:-

- OR) a, State two causes of conflicts among married couples.

- i) -
 ii) -
 b) Why are people who are planning to get married advised to consider the following factors very important?
 i) HIV/AIDS test:
 ii) Age:-

ENGLISH ANSWERS TO ISSUE 22 (15TH AUGUST 2024)

1. up
 2. mechanic
 3. knead
 4. switched
 5. bouquet
 6. butcher
 7. lain
 15. cleanliness
 16. exam, examination, examine, examiner
 17. hotelier, manager, menu, water
 18. How lovely it is to travel by plane!
 19. We greeted him immediately he entered the classroom.
 20. holidays
 21. automated teller machine
 22. digital video disc
 23. undisciplined
 24. shabbily
 25. niece
 26 and 27 consider usage
 28. pianos
 29. mouse-traps
 30. trolleys
 31. None of the candidates will fail PLE this year.
 32. The criminal was told to enter the prison cell by the police.
 33. The number was too difficult for us to solve.

8. receipt
 9. Rwandans
 10. socialise
 11. strengthen
 12. widened
 13. ably
 14. distant
 34. The candidates needn't have been put in the lockdown.
 35. A parent is as useful as a teacher.
 36. I witnessed a very terrible accident.
 37. Adrian said that he had written his holiday the previous day.
 38. If I had seen her, I would have told her the story.
 39. The harder Pembe worked, the more tired he got.
 40. Shiran went to the post office in order to post her letter.
 41. 1. The poem is about motorists who deprive pedestrians of their rights.
 2. Motorists deprive the writer of his rights.
 3. Stanza two talks about making the writer a slave.
 4. I think pedestrians use pavements to be safe from the motorists.
 5. The traffic policeman tame the motorists.
 6. The motorist should be judged fairly.
 7. Road users should rise up and report all kinds of mistreatment.
 8. There are four stanzas in the poem.
 9. behaviour
 10. Ituuma JP is the poet.

42. 1. The notice is about a security meeting for all the residents of Katalemwa zone
 2. The notice was written on 16th July 2024.
 3. The notice appeared in the New Vision newspaper of 20th June 2024.
 4. All residents of Katalemwa zone are being invited.
 5. Bulota Community Hall is the venue for the meeting.
 6. The meeting will take place on 18th August 2024.
 7. The meeting will take seven hours.
 8. Every resident has to go along with their family members and their National Identity Cards.
 9. Kabubu Alfred wrote this notice.
 10. I think the residents were advised to go with national identity cards for easy identification.

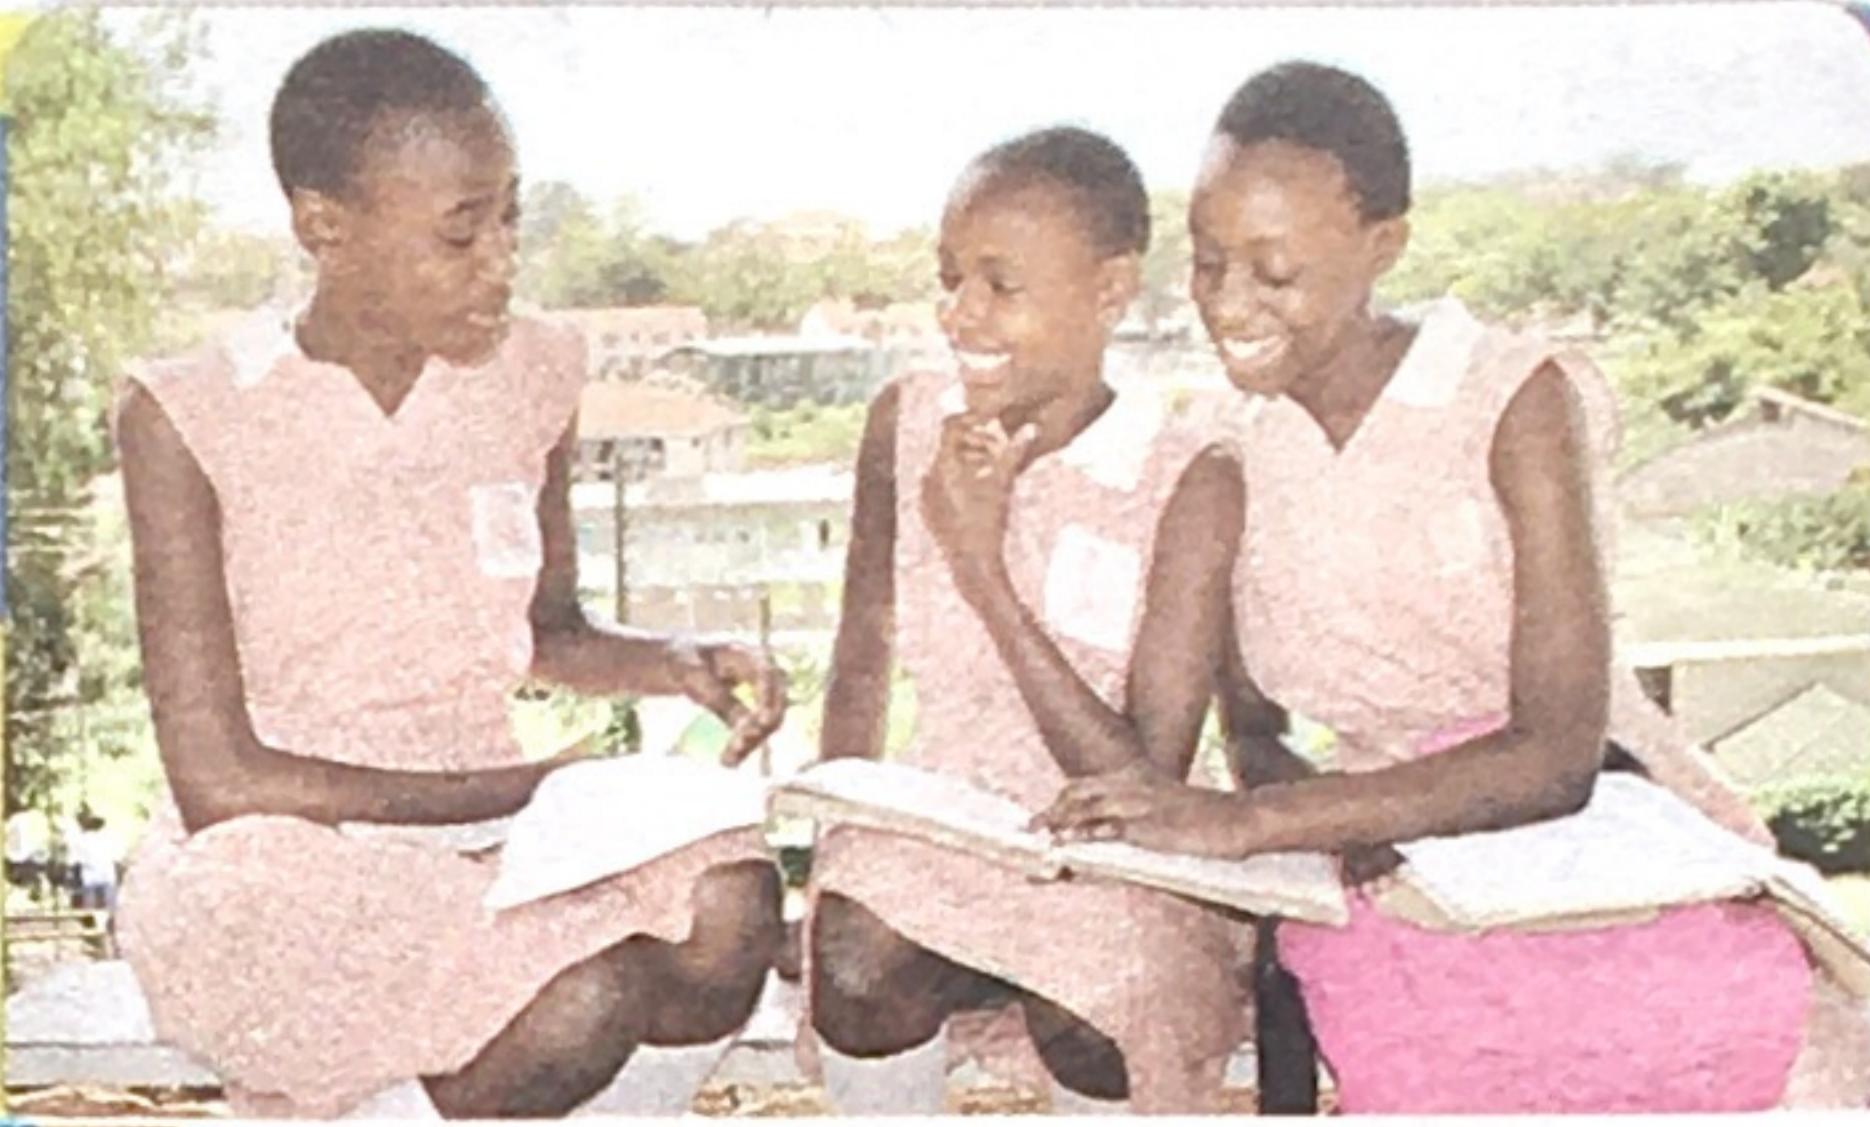

- one's mind.
 5. The writer compares the holiday time to a car which has been taken for service before it starts a new journey.
 6. cooking
 7. Teachers use the holiday time to plan for the children.
 8. i important ii different
 9. Town or urban children have been learning on television.
44. POINTS TO CONSIDER
 -Friendly letter
 -A letter to your parents
 -Use your school address
 -Date, salutation
 -Content: thanking your parents for downloading your work from the school website.
 -Assisting you with the work
 -Buying you a mobile phone to enable you to have engagements with your teachers
 -Telling the parents that you're going to work hard for better results.

INTEGRATED SCIENCE

SECTION A

13. State what happens to the volume of the chest cavity when one takes in air.

14. Why are egrets always interested in being together with cattle during grazing?

15. Give the importance of a bore found in a clinical thermometer.

16. By what process does paraffin move up the wick of a lantern lamp.

17. Use the diagram below to answer questions that follow.

Bulb A

Bulb B

Which of the bulbs above will produce brighter light?

18. Give a reason for your answer.

19. Name one proper method of harvesting trees.

20. Which type of parasites are controlled by drenching?

21. Ringworm is a communicable disease. How does it spread among boarding children?

22. Why are adolescent girls said to be more prone to HIV AIDS than boys?

23. Name the method used to obtain petroleum products from crude oil.

24. In which way does prolonged use of fertilisers affect the soil aeration.

25. Give any one example of a health life skill.

26. How is the rota virus vaccine introduced into the body?

27. Name the type of change that causes increase in size and weight.

28. How are roughages important in ones diet?

29. Besides bloody diarrhoea, give one other sign of dysentery in humans.

30. How does a tube fiddle produce sound?

SECTION B

32 a) Match the parts of a fish in K to their functions in T

- K
- i) Swim bladder.
- ii) Caudle fins.
- iii) Lateral line.
- i) Swim bladder.
- ii) Caudle fins.
- iii) Lateral line.

- T
- Detects sound waves
- Keeps a fish buoyant
- For swimming

b) Name the process by which a fish obtains dissolved oxygen from water.

33 a) What are enzymes?

b) Outline any two characteristics of enzymes.

i)

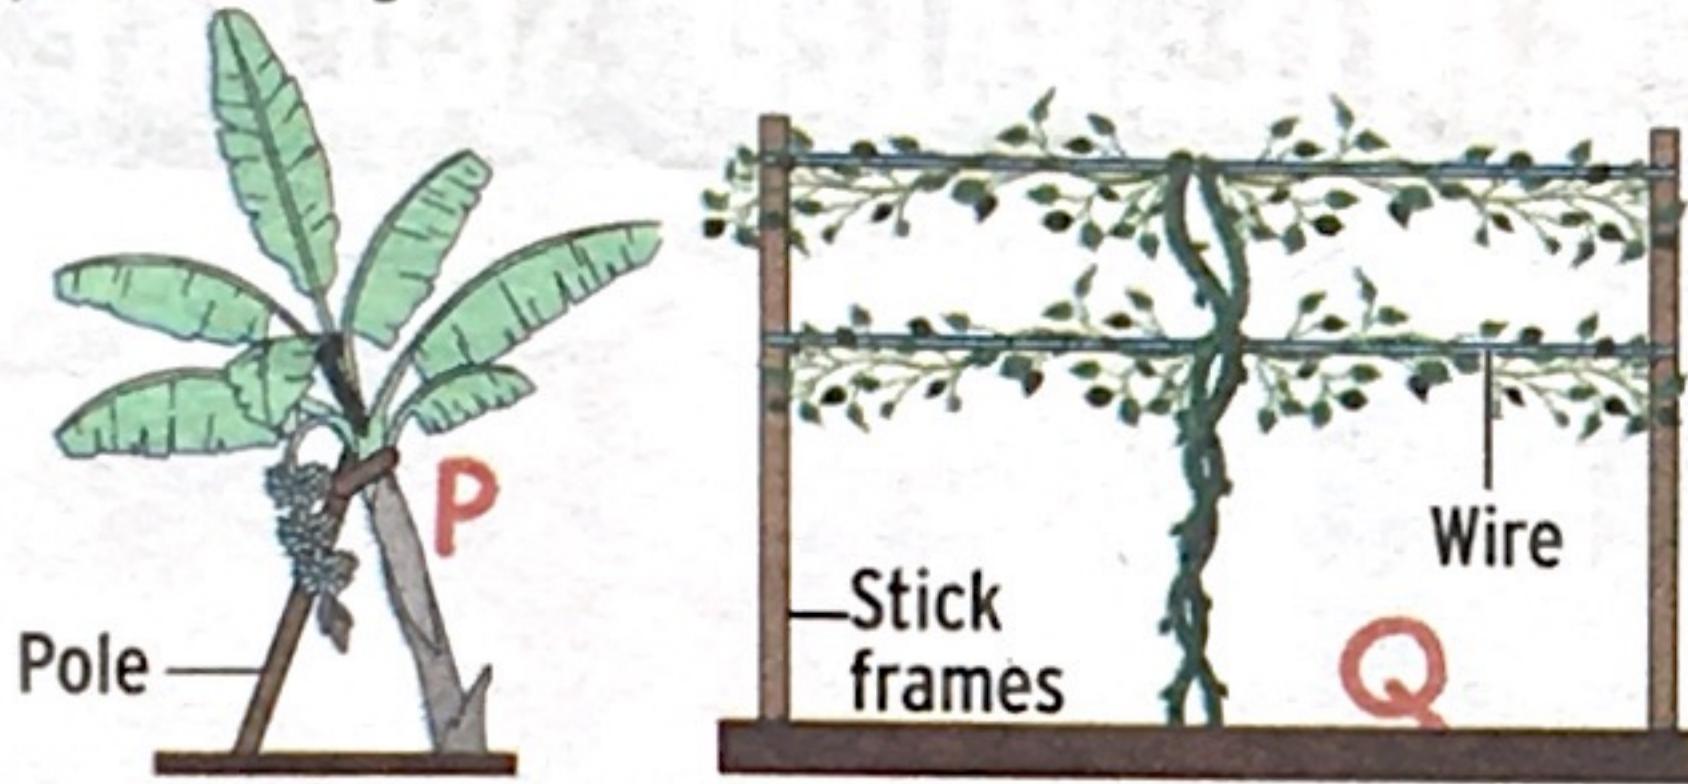

ii)

c) Give the importance of the hepatic portal vein in the human body.

34 a) Burns are described in terms of degrees depending on how severe they may be. Give any two characteristics of a second degree burn.

- i) _____
 ii) _____
 b) Why are victims of third degree burns encouraged to drink a lot fluids?
 c) State one danger of putting sugar on a burnt part of the skin.

35 The diagram below shows different methods used in plant training

- a) Identify the methods of plant training marked P and Q.
 b) Which of the above methods is more suitable for a passion fruit plant?
 c) State one advantage of plant training in crop husbandry.

PASS PLE

36 a) Give two ways of increasing the amount of blood in the body.

- i) _____
 ii) _____
 b) State two functions of blood in the human body.
 i) _____
 ii) _____

37 a) Apart from planting trees and short grass, give two other ways of controlling soil erosion in the school compound.

- b) Why is mulching not recommended for controlling soil erosion in hilly areas?
 c) Name any one agent of soil erosion.

38 a) Give any two exotic breeds of sheep reared for wool production.

- i) _____
 ii) _____
 b) Give one way a textile industry benefit from farmers who rear the breeds mentioned in (a) above.
 c) Give one disease of sheep caused by tick infestation on a sheep.

39 Use the table of classification below to answer questions that follow.

R	S	T	U
Crab	Millipede	House fly	Tick
Shrimp	Centipede	Praying Mantis	Spider

a) To which group of arthropods do animals in H belong.

b) State one structural differences between animals in group T and U.

c) Give two other examples of animals that belong to group R.

- i) _____
 ii) _____

40 a) Why is an alloy called solder used for making electric fuses?

b) Apart from solder give two other common alloys.

- i) _____
 ii) _____

c) Give one example to show that metals expand when heated.

MATHEMATICS ANSWERS TO ISSUE 23 (19TH AUGUST 2024)

1. $\frac{6}{7}$

$+ \frac{6}{3}$

$\underline{130}$

2. $4m + 4m - 6m + m = (4m + 4m + m) - 6m = 9m - 6m = 3m$

3. 679

Six hundred seventy nine

4. $\frac{D}{40} + \frac{D}{30} = 2 \text{ hours and } 2 \text{ min}$

$\frac{D}{40} + \frac{D}{30} = 2\frac{1}{2} \text{ hours}$

$\frac{D}{40} + \frac{D}{30} = \frac{7}{3}$

$3 \times D + 4 \times D = \frac{7}{3}$

$120 \times \frac{7}{3} = 7$

$3D + 4D = \frac{7}{3}$

$120 \times \frac{7}{3} = 7$

$3 \times \frac{7D}{120} = \frac{7}{3} \times 3 = \frac{21}{120} = \frac{7}{1}$

$120 \times \frac{21D}{120} = 7 \times 120$

$21D = 7 \times 120$

21

$D = 40 \text{ km}$

5. $7 > 2p - 1 > 3$

$7 > 2p - 1 + 1 > 3 + 1$

$7 + 1 > 2p > 4$

$8 > 2p > 4$

$4 > p > 2$

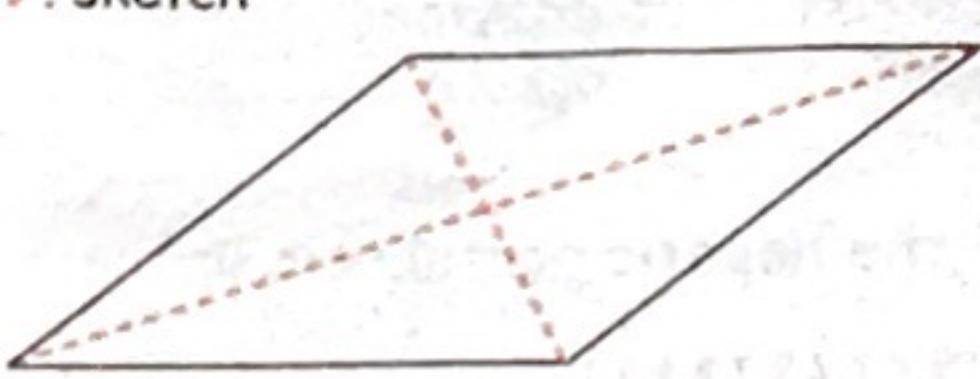

6. $D = (\text{No of poles} - 1) \text{ spacing}$

$= (55 - 1) 5 \text{ m}$

$= 54 \times 5 \text{ m}$

$= 270 \text{ m}$

7. sketch

2 lines of folding symmetry

8. $5 + 7 + 8 + y = 6$

4

$(20 + y) = 6$

4

$4 \times (20 + y) = 6 \times 4$

4

$20 + y = 24$

$20 - 20 + y = 24 - 20$

$y = 4$

9. $(2 \times 8 \text{ cm}) + (2 \times 6 \text{ cm}) + (2 \times 10 \text{ cm}) + (3y = 108 \text{ cm})$

$3y + 16 \text{ cm} + 12 \text{ cm} + 20 \text{ cm} = 108 \text{ cm}$

$3y + 48 \text{ cm} = 108 \text{ cm}$

$3y + 48 \text{ cm} - 48 \text{ cm} = 108 \text{ cm} - 48 \text{ cm}$

$3y = 60 \text{ cm}$

$3y = 60 \text{ cm}$

$y = 20 \text{ cm}$

10. $6000 \times (100\% + 33\frac{1}{3}\%)$

$6000 \times 133\frac{1}{3}\%$

$6000 \times 400\%$

$6000 \times 400 \div 100$

1

3

$6000 \times 400 \times 1$

1

3

$6000 \times 400 \times 100$

1

SUB - SECTION I

For questions 1 to 5, fill in a suitable word to complete the sentences correctly.

1. Tendo's brother is _____ honest man.

2. Jovia's bitch has given birth to three _____.

3. _____ a skilled driver my friend has been!

4. The triplets shared the mangoes _____ themselves.

5. Today's weather is colder _____ yesterday's.

For questions 6 to 15, use the correct form of the words in brackets to complete the sentences.

6. If we _____ well, mother would pay for the Dubai trip. (*perform*)

7. A friend of _____ has kidnapped their baby. (*they*)

8. Martina celebrated her graduation in the month of the year. (*twelve*)

9. Mr. Kakooza lost four of his _____ in the accident. (*tooth*)

10. Your soup is _____ than mine. (*hot*)

11. Most carpentry marts in our community have nice _____ furniture. (*wood*)

12. Our class danced _____ on our assembly day. (*good*)

13. A strong wind has _____ away the old woman's scarf. (*blow*)

14. The _____ of the train was delayed by the inspectors. (*depart*)

15. The government should _____ the road to ease transport. (*wide*)

For questions 16 and 17, arrange these words in alphabetical order.

16. travel journey arrival house

17. sport spotting sports spot

For questions 18 to 20, rearrange the words to form a correct sentence.

18. niece getting My married is soon.

19. crops are When to harvest going our we?

20. beautiful What weaves he mats!

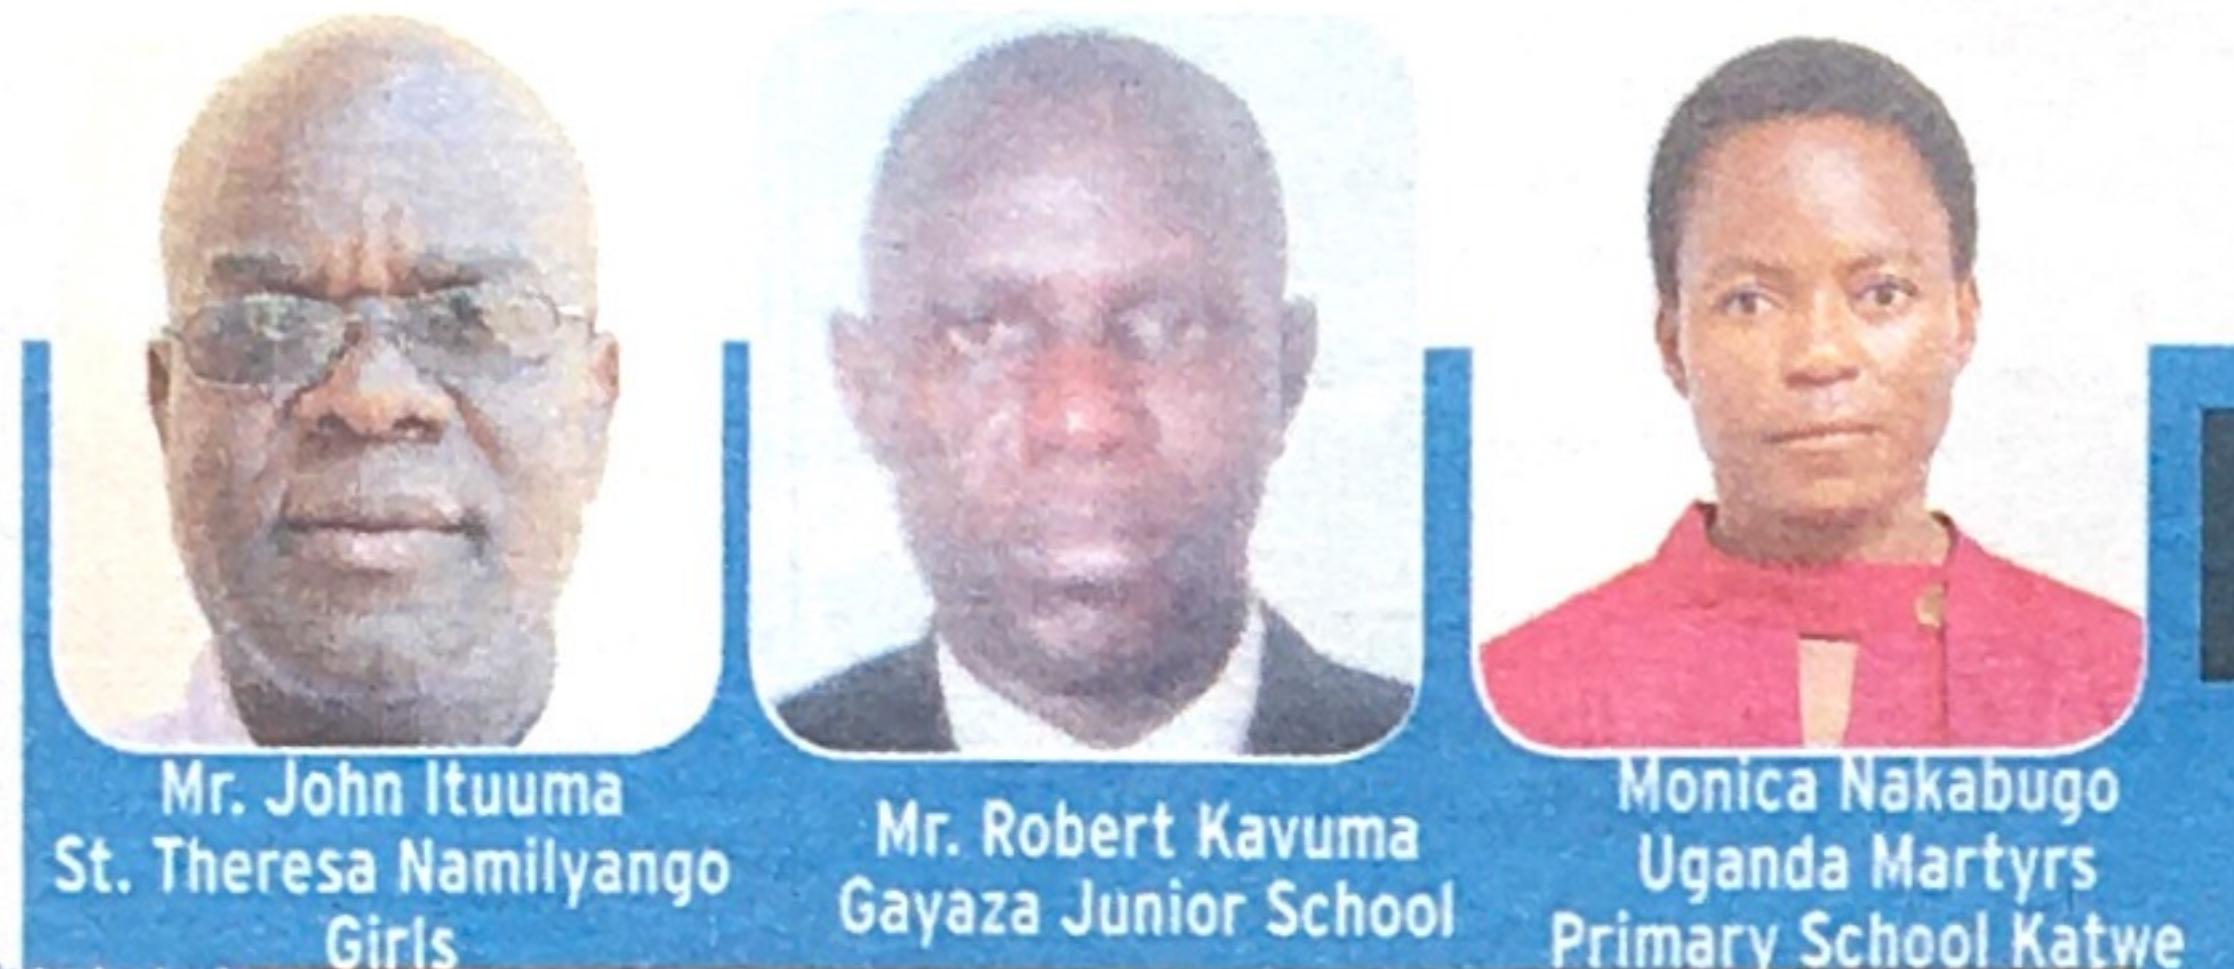

41. Read the passage below carefully and in full sentences, answer the questions about it

It was one Monday morning and Gilberto was on his way to school when he witnessed a motor accident. A motorcycle and a salon car were involved in a head-on collision.

It was a tragic moment since two people had gone to see God and many occupants in the car had got severe injuries. The accident happened at a junction on Abalungi Road.

At the moment, the traffic was becoming heavy because the vehicles could hardly move due to that incident. Gilberto raised a loud alarm that made so many people gather. In a few minutes, two traffic officers arrived and asked one of the on-lookers who told the police that the cause of the accident was speeding. The salon car driver was speeding through the junction when he knocked the motorcyclist. The police warned the motorists who were at the scene to desist from speeding and other dangers that may lead to accidents.

Mr. Mapenzi, the officer-in-charge of traffic, also told motorists that whoever is caught speeding would be imprisoned. He also advised passengers to call police and report bad driving.

ENGLISH

SECTION A

For questions 21 and 22, use these words in sentences to show that you know the difference in their meanings.

21. reed : _____

22. read: _____

For questions 23 and 24, write the short form in full.

23. Rev. _____

24. don't _____

For questions 25 and 26, rewrite the sentences giving the opposite of the underlined word.

25. Jjemba was the most hard-working boy in our class last year.

26. My nephew was given a post of supervisor in Bank of Africa.

For questions 27 and 28, give the plural form of the given words.

27. county _____

28. medium _____

For questions 29 to 30, rewrite the sentences giving a single word for the underlined group of words.

29. The man who collects fare on the bus is very humble and kind to the passengers.

30. Sumayah bought some meat of a cow from the butcher's across the road.

SUBS-SECTION II

For numbers 31-40 rewrite the sentences as instructed

31. The mechanic wanted to get a pair of pliers. He sent for his toolbox. (Re-write as one sentence using:because ...)

32. My brother has shops in town. My cousin has shops in town. (Re-write as one sentence beginning: Both)

33. There was some honey in the tea. (Re-write the sentence using:any.....)

34. Bwayo has married a very beautiful woman. (R-ewrite the sentence beginning: What.....!)

35. The children crossed the busy road the moment it was clear. (Re-write the sentence beginning: As soon as)

36. Naluku is a very beautiful girl. Naluku will win the beauty pageant. (Re-write as one sentence using:so....that.....)

38. Jonathan likes fresh fish more than chicken. (Re-write the sentence using:prefer.....)

39. This is the woman. She was knocked by a speeding car. (Re-write as one sentence using:who.....)

40. There were many grasshoppers in town.? (Re-write the sentence and supply a suitable question tag.)

SECTION B

a) On which day was Gilberto going to school when he witnessed the accident?

b) Which vehicles were involved in the accident?

c) According to the story, how many people died?

d) What was the cause of the accident?

e) How long did the traffic police take to reach the scene of the accident?

QUESTIONS

f) Where did the accident occur?

g) What advice did the officer-in-charge of traffic give to passengers?

h) Apart from speeding, what else do you think may cause accidents on the roads?

i) Give another word to mean "tragic".

j) Suggest a suitable title to the passage.

42. Read the poem carefully, and in full sentences answer the questions that follow.

Very hard but interesting
Is the work of a farmer
More often found with a hoe
In his big garden

Interesting is the work of a farmer
Gardens he clears, seeds he plants
As he waits for God's mercy
In form of rain, to enable the seeds sprout.

A farmer's work is hard
As he takes care of his crops
With tough and fierce bulls and bullocks
Amidst pests, weeds and diseases.

I want to do farming
For I want to work on the farm
And become a famous farmer
So as to inspire the young generation.

Enkumbi Terimba P.5 B

44. The dialogue below was between a doctor and a patient. The dialogue took place at Mengo Hospital. Complete the missing statements correctly.
