.....

49. I did not go to London because I did not have enough money.

(Write two separate sentences)

.....
.....

50. We are sweeping our classroom. (Rewrite endingus.)

.....
.....

SECTION B: 50 MARKS

(Questions 51 to 55 carry 10 marks each)

51. Read the passage below and answer in full sentences the questions that follow.

There are more species of insects than all animals added altogether. The study of insects is called entomology. It is extremely important that we learn about insects since some of them do some damage to man, his animals, crops, stores of food and materials. Despite the terrible damage and diseases caused by some insects, there are benefits that man generally gets from insects. Insects pollinate crops. This is their most important role to man. Some insects also produce commercially important products: bees produce honey and wax; the silk worms produce the fine silk threads that are used in the manufacture of expensive fabrics. Insects are grouped under arthropods. They have common characteristics such as exoskeleton, jointed legs and segmented bodies. Their bodies are divided into three distinct parts, that is, head, thorax and the abdomen. The head, the first part of the body, comprises the feelers and the compound eyes. The second part of the body is the thorax and this consists of three segments which bear three pairs of legs. The insect with its three pairs of legs can easily be differentiated from spiders which have four pairs. The abdomen is the third part of the body. The segments of the abdomen have no legs but contain various organs of the reproductive system. In some insects there is a structure at the back-end of the abdomen which has various functions; for example, egg-laying as seen at the back end of bush crickets, or for causing a painful sting, as seen at the back-end of wasps.

Questions:

- a) What is the study of insects called?

.....
.....

b) How are insects harmful to man?

.....
.....

c) What is the most important role of insects?

.....
.....

d) Which insect has a painful sting?

.....
.....

e) Which part of an insect contains various organs of the reproductive system?

.....
.....

f) Which type of skeleton do arthropods possess?

.....
.....

g) Why are bees commercially important to man?

.....
.....

h) What is the difference between an insect and a spider?

.....
.....

i) Give another word or group of words with same meaning as:

- I. comprises
- II. various.....

52. The talk below is about an accident Anita witnessed. Study it and answer, in full sentences, the questions that follow.

Carol: Good morning, Anita.

Anita: Good morning, Carol.

Carol: Why are you late today?

Anita: My friend, it is a long story.

Carol: A long story, what is it about? Did you fall sick?

Anita: No, I did not fall sick but there was an accident on Bukasa Road.

Carol: An accident! Were you involved? What exactly happened?

Anita: The taxi we were following knocked down a school boy, so we had to stop for some time.

Carol: A school boy, sorry! To which school was he going?

Anita: I did not find out the school but I think he was in primary.

Carol: Did he die?

Anita: No, he did not, but sustained serious injuries especially on the head.

Carol: That is sad news. How did you assist him?

Anita: My mother called the police and they sent an ambulance to take him to

Mulago Hospital.

Carol: Anita, thank you for being very kind people.

Anita: You are welcome, Carol.

a) What is the dialogue about?

.....
.....

b) Who was late for school?

.....
.....

c) At what time did the dialogue take place?

.....
.....

d) Which person was injured in the accident according to the dialogue?

.....
.....

e) Who called the ambulance at the scene of the accident?

.....
.....

f) Where was Anita going before she witnessed the accident?

.....
.....

g) To which hospital was the school boy taken?

.....
.....

h) Did the victim of the accident die?

.....
.....

i) Which part of the casualty was most injured?

.....
.....

j) Suggest a suitable title for the dialogue.

.....
.....

53. Read the poem below carefully and answer in full sentences the questions that follow.

What a rainy season it was
The season of heavy rains
That destroyed almost everything.
Without sparing people's lives.

What a rainy season it was
The season of heavy rains
That hit the ground severely.
And hurt the people's crops.

What a rainy season it was
The season of heavy rains
That demolished people's houses.
As well as livestock , trees and other property.

What a rainy season it was
The season of heavy rains
That caused floods and landslides.
Which left us homeless.

Nantale Geraldine

a) Which season is talked about in the poem?

.....
.....

b) What didn't the heavy rains spare?

.....
.....

c) How did the heavy rains hit the ground?

.....
.....

d) What did the heavy rains do to people's crops?

.....
.....

e) What happened to the livestock and trees?

.....
.....

Last year, during the second term holiday, my mother me to the market. She wanted me to buy a pumpkin. I asked Bruno, my half-brother, to along with me. A short distance away from home, we met an old man. He was carrying a bag out of dry palm leaves. He looked a very poor old man from a village. He and greeted us. Bruno answered but I kept quiet. I did not like the way he was The man then asked us to direct him to the house of Mr. Mutebi, a I never wanted Bruno to direct him to our home but he did. This hurt me so much that I felt like Bruno. He told me that it was bad manners to treat strangers like that.

Immediately we got back, my mother welcomed us. She was very happy to have a visitor.

The was the old man we had met on the way. She asked us to greet him. Bruno went immediately and shook his hand. I that I was taking the pumpkin to the kitchen.

HILLSIDE PRIMARY SCHOOL-NAALYA

PRE-REGISTRATION EXAMINATIONS

2024

MATHEMATICS (Set Two)

Time Allowed: 2 Hours 30 Minutes

Name: Stream:

Read the following instructions carefully

1. The paper has **two** sections: **A** and **B**.
2. All the working for both sections **A** and **B** must be shown in the spaces provided.
3. All the working must be done using a blue or black ball-point pen or fountain pen. Diagrams must be drawn in pencil.
4. **Calculators** are not allowed in the examination room.
5. Unnecessary changes of work may lead to loss of marks.
6. Any handwriting that cannot easily be read may lead to loss of marks.
7. Do not fill anything in boxes indicated:
“**For Examiners’ Use Only**” and those inside the question paper.

FOR EXAMINERS' USE ONLY		
Qn. No.	MARKS	EXRS' NO
1-5		
6-10		
11-15		
16-20		
21-22		
23-24		
25-26		
27-28		
29-30		
31-32		
Total		

SECTION A: (40 marks)

1. Work out: $12 \div 3$ using repeated subtraction
2. Write **3013** in words.
3. Write XCV in Hindu Arabic numerals.
4. Given that set P has 32 subsets. Find $n(P)$
5. The area of a triangle is 42m^2 . If its base is 12m, calculate its height

6. The supplement of $5y - 20^{\circ}$ is 50° . Find the value of y .

7. The cost of 4 pencils cost sh.2400. How many pencils can one buy with sh.3200?

8. Simplify: $2w - 8r - 7w + 5r$

9. Without dividing, show that 2346 is exactly divisible by 3

10. Change $\frac{3}{4}$ to a decimal

11. A lesson that ended at 4:10pm lasted 50minutes. At what time did it start?

12. Simplify: ${}^{\circ}4 + {}^{\circ}6$

13. Increase 600kg by $22\frac{1}{2}\%$

14. Using a ruler, a pencil and a pair of compasses only, construct an angle of 120° in the space below.

15. Solve: $k + 5 = 2$ (finite 7)

16. Given that $a = 2$ and $b = 3$. Find the value of b^a
17. What is the smallest number that can be divisible by either 6 or 8 and leaves 3 as the remainder?
18. Draw a Venn diagram to show that all hens(H) are birds(B).
19. Solve: $5 - 2y = 13$.
20. Find the **square** of the next number in the sequence:
4, 6, 8, 9, 10, _____

SECTION B: (60 marks)

21. a) Express 0.0542 in scientific notation. **(02 marks)**

b) Find the sum of the value of 3 and the value of 2 in the number 82531 **(03 marks)**

22. Pauline bought the items in the table below from a shop.
a) Complete the table below. **(04 marks)**

Items	Unit cost	Amount
.....bars of soap	Sh. 3,000 per bar	Sh. 6000
3 loaves of bread	Sh. per loaf	Sh. 9600
$2\frac{1}{2}$ kg of salt	Sh. 800 per kg	Sh.
TOTAL EXPENDITURE		Sh.

b) If he was given a discount of 10%, how much money did he pay? **(01 mark)**

23. In a class of 120 pupils, 60 pupils like science (S), 70 like English (E) and y pupils like both Science and English while 5 pupils like neither of the two subjects.

a) Complete the Venn diagram below.

(03 marks)

$$n(\varepsilon) = 120$$

b) Find the value of y .

(02 marks)

24. a) Solve for m : $3(m-1) = 9$

(03 marks)

- b) Tendo is two thirds as old as Dasha. If Tendo is (h) years old, find their total age. **(02 marks)**

25. The figure below is a rectangle. The distance around it is 36cm.

- a) Find the value of h **(02 marks)**

- b) Calculate its area. **(03 marks)**

26. The sum of three consecutive counting numbers is 72.
a) If the second number is y , find value of y . **(03 marks)**

b) Write the first number in words. **(02 marks)**

27. Three boys; Anthony, Bernard and Christopher shared some apples in the ratio of 3:4:5 respectively. If Bernard got 120 apples,
a) How many apples did they share altogether? **(03 marks)**

b) Express Anthony's share as a fraction of the total share. **(01 mark)**

28. a) In a class of 600 pupils, $\frac{1}{3}$ of the pupils like Meat, 60% of the

remainder like chicken. The rest of the pupils like Fish

a) How many pupils like chicken?

(03 marks)

b) How many pupils like fish?

(02 marks)

29. The table below shows the scores of a group of pupils in a class.

Marks	80	k	90	70
No. of pupils	2	3	1	4

a) How many pupils did the test?

(02 marks)

- b) If the mean mark was 71, find the value of k. **(03 marks)**

30. The Venn diagram below represents the prime factors of two numbers. Use it to answer the questions that follow.

- a) Find the value of x. **(02 marks)**

- b) Calculate the value of y. **(02 marks)**

c) Work out the LCM of X and 30. **(02 marks)**

31. a) Work out: $\frac{1.8 \times 0.15}{0.6 \times 0.3}$ **(03 marks)**

b) Express 0.3636 - - - as a fraction in its simplest form. **(02 marks)**

32. a) Using a pair of compasses, ruler and pencil only, construct a rectangle ABCD where line BC=9cm and line BA=5cm. (04 marks)

b) Measure diagonal BD. (01 mark)
