Or: Mention any one role of Muslim voluntary organisations.

38.

Either: Give any one way how Christians show love to the sick people.

Or: Give any one way how Muslims show love to the sick people.

39.

Either: How do Christians prepare for Easter Sunday?

Or: How do Muslims prepare for Eid El fitr?

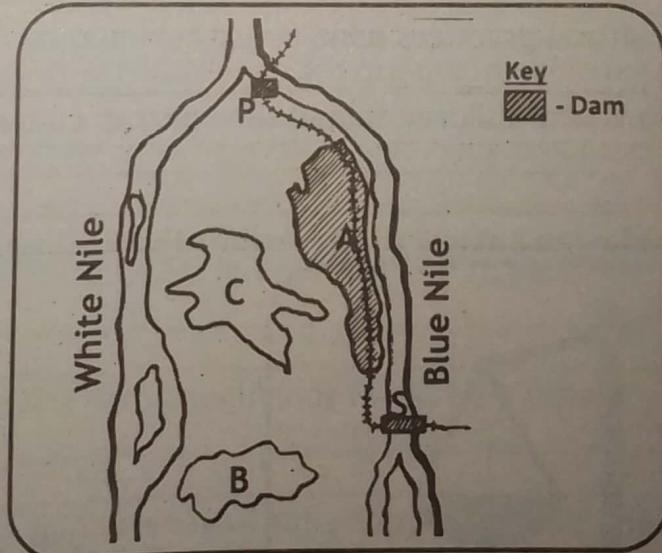

40.

Either: State any one role performed by members of the Church.

Or: State any one role performed by members of the Muslim community.

Section B (60 Marks)

41. Use the diagram below to answer the questions about Gezira Irrigation scheme.

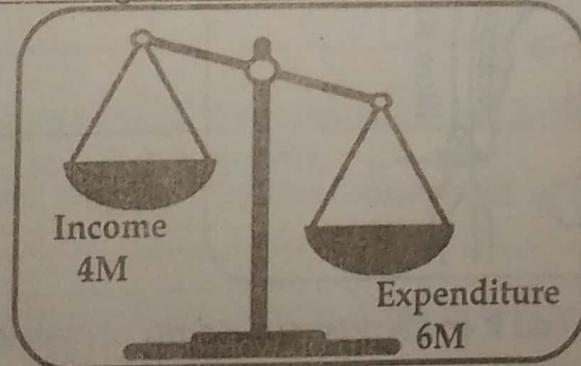

(a) How do the features marked P and S promote industrial development in the area?

- (b)** Which major cash crop grown on the Irrigation scheme marked A?
- (c)** State any two benefits of the irrigation schemes to the people of Sudan.
- (i) _____
(ii) _____
- 42.** (a) What was the original homeland of the Bantu before they came to Uganda?
- (b)** Which legend explains the origin of the people who live on the slopes of Mount Elgon?
- (c)** State any two causes for the migration of the Bantu into Uganda.
- (i) _____
(ii) _____
- 43.** (a) Name the ministry that is in charge of telecommunication companies in Uganda.
- (b)** Give one advantage a radio has over newspapers as a means of communication?

- (c)** Give any two challenges of using traditional means of communication.
- (i) _____
(ii) _____

- 44.** (a) Mention any two cultural practices done in our community.
(i) _____ (ii) _____
- (b) Give any two reasons why children should take part in cultural practices.
(i) _____
(ii) _____

- 45.** (a) Use the diagram below to answer the questions that follow.

- (a)** Name the type of budget shown above.

(b) Give any one problem caused by the above budget.

(d) State any two benefits of making a budget for a family.

(i) _____

(ii) _____

46. (a) How is the African Development Bank important to the African Union?

(b) Which organ of the African Union performs similar functions to the Judiciary in Uganda?

(c) State any two reasons why the African Union was formed.

(i) _____

(ii) _____

47. (a) Who was the first African to represent LEGCO in Eastern Uganda?

(b) Give any two ways how LEGCO helped in the struggle for Uganda's independence.

(i) _____

(ii) _____

(c) Why did Buganda Lukiko refuse to send representatives to LEGCO?

48. (a) Which body is responsible for organising elections in Uganda?

(b) Give any two ways how the above body organizes in Uganda.

(i) _____

(ii) _____

(c) Why are some Ugandans not allowed to participate in national elections?

49. (a) Why are the Kenya highlands favourable for dairy farming?

(b) Give any two ways how dairy farming can be improved in East Africa.

(i) _____

(ii) _____

(c) Mention any one product got from a dairy farm.

50. Match the following people in their contributions.

WARNING: Not to be reproduced or electronically stored

- A
(i) Nelson Mandela
(ii) Desmond Tutu
(iii) Fredrick De Clerk
(iv) Kwame Nkrumah

B
Led Ghana to Independence
First black president of South Africa.
Led the truth and reconciliation
Commission.
Abolished apartheid laws in South
Africa.

- (i) Nelson Mandela : _____
(ii) Desmond Tutu : _____
(iii) Fredrick De Clerk : _____
(iv) Kwame Nkrumah: _____

For questions 51 to 54 answer either Christianity or Islamic question BUT
NOT BOTH

51. Either:

(a) From which material did God create Adam?

(b) Why did God create man?

(c) State any two responsibilities God gave to man after creation.

(i) _____

(ii) _____

Or:

(a) From which material did Allah create man?

(b) Why did Allah create man?

(c) State any two responsibilities Allah gave to man after creation.

(i) _____

(ii) _____

52. Either:

(a) Which sacrament helps a person to become a member of God's family?

(b) What do the following represent during Holy Communion?

(i) Bread

(ii) Wine

(c) Why do Christians get the sacrament of Holy Communion?

Or:

Section A (40 Marks)

1 Add: $56 + 21$

2 Work out: $\frac{2}{5} + 0.8$

3 Describe the unshaded region below.

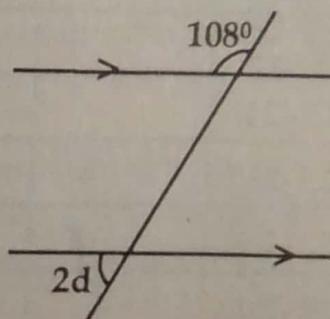

4 Tell the morning time below correctly.

5 Convert 0.125 to a simplified fraction.

6 Find the value of d in the figure below.

7 Work out:

$$\begin{array}{r} 1101_{\text{two}} \\ - 110_{\text{two}} \\ \hline \end{array}$$

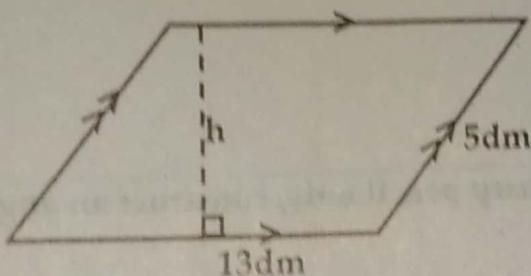

8 A driver covered 180km in 2 hours. Express his speed in metres per second.

9 Simplify: $11r - 13r + 3r$

10 A pupil had cards numbered from 3 to 8. What is the probability that a card with a square number is picked at random?

11 Work out: 7×8

12 The area of the figure below is 91dm^2 . Find the value of h .

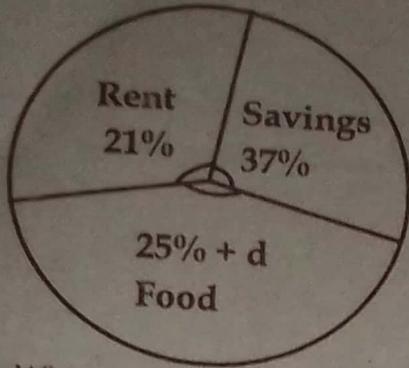

13 Without dividing, show if 146 is divisible completely by 6.

14 A pupil bought 20 pens at sh.15,000. Find how much he would pay for 6 similar pens at the same rate.

- 15 Given that a quadrant has a circumference of 11cm, find its radius
- 16 Below is a cube, find its total surface area.
-
- 17 Work out the L.C.M of 15 and 18.
- 18 Using a pair of compasses, a ruler and a sharp pencil only, construct an angle of 30° .
- 19 Solve: $7w - 3(2w) = 4$

- 23** The pie chart below shows how a teacher spends his monthly salary. Use it to answer the questions that follow.

(a) What percentage represents food?

(03 marks)

(b) If he earns sh.420,000, how much does he spend on rent?

(02 marks)

- 24** A trader borrowed sh.760,000 for 2 years 3 months at a simple interest rate of 10% per annum.

(a) How much interest did he pay after 2 years and 3 months?

(03 marks)

20 Find the mean of $3d$, 13 , $5d - 1$ and 8 .

Section B (60 Marks)

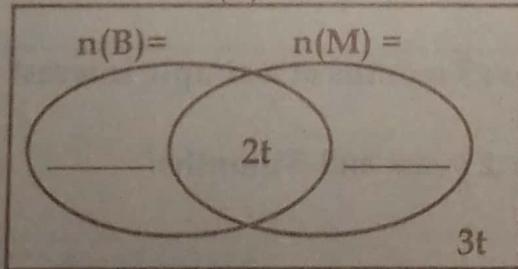

21 (a) Express CDVI as a Hindu-Arabic numeral. (02 marks)

(b) Workout the quotient of the value of 4 and the place value of 8 in 8049. (03 marks)

22 In a party attended by 49 guests, 13 guests ate Meat (M) only, 21 ate Beans (B), 2t ate both kinds of sauce while 3t did not eat any of the mentioned kinds of sauce.

(a) Complete the Venn diagram below. (02 marks)

$$n(\mathcal{E}) = 49$$

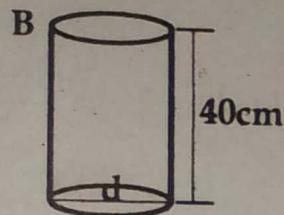

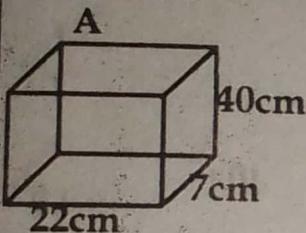

(b) Find the value of t. (03 marks)

(b) Find the total amount he will pay back after 2 years and 3 months?

(02 marks)

25

Two Petrol tanks A and B can hold the same amount of petrol when filled up completely.

(a) Find the amount of petrol tank A can hold in litres.

(02 marks)

(b) Find the diameter of tank B.

(03 marks)

26 Given that $r = 3$ and $q = 4$. Find the value of;

(03 marks)

(a) $r^2 - 2q$

27

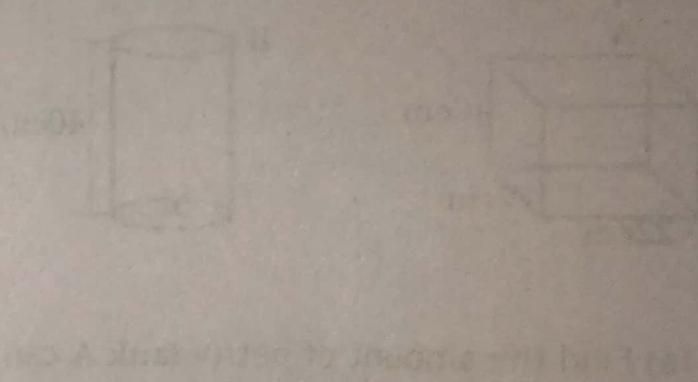

(b) rq

(02 marks)

WARNING: Not to be reproduced electronically

Village T is 110km on a bearing of 130° from village R. Village V is 170km North East of Village T.

Using a scale of 1cm represent 20km, show the villages on the accurate diagram. (05 marks)

28

The exchange rates at a certain forex bureau was as follows.

1 US dollar (\$) costs Ugsh.3800.

1 Kenya shillings (K.sh) costs Ugsh.30.

1 British pound sterling (£) costs Ugsh. 4,700.

(a) Convert Ugsh. 15,000 to Kenya shillings. (02 marks)

WARNING: Not to be reproduced electronically

(b) A shop keeper had 5 US dollars and 8£ to buy items. Find the total Uganda shillings that the shopkeeper used to buy items. (03 marks)

29

The supplement of $(3d + 35)^{\circ}$ is 70.

(03 marks)

(a) Find the value of d.

(b) What is the complement of 58° ? (02 marks)

30

(a) Change $\frac{3}{4}$ as a decimal. (02 marks)

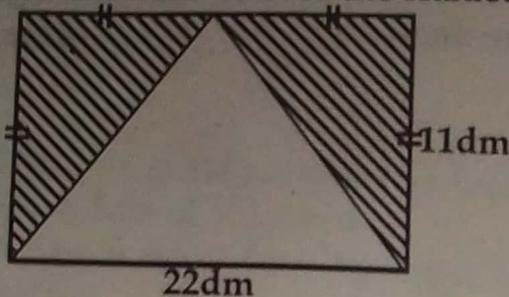

(b) Simplify: $\frac{4.8 - 0.8}{0.04}$ (03 marks)

31

Calculate the area of the shaded part.

(05 marks)

WARNING: Not to be reproduced electronically

32

A motorist travelled from 7:20pm and reached his destination at 9:05pm. Calculate his average speed if he covered 280km.

(05 marks)

WARNING: Not to be reproduced electronically

 Be prepared.

Start the day with a good breakfast and give yourself plenty of time to get to the exam hall. Remember to take everything you need including pencils, pens, a bottle of water and some tissues.

- WARNING: Not to be reproduced electronically.*
- Section A (40 Marks)**
1. Name the component of air used for respiration in human beings.

 2. Give one reason why we are not advised to breathe through the mouth.

 3. How is a fly screen of a VIP latrine adapted to its function of trapping flies to death?

 4. State one danger of man-made changes to the environment.

 5. Which eye disease is caused by chlamydia germ?

The diagram below shows a process that takes place in living organisms. Study and use it to answer questions 6 and 7.

6. Name one living organism with such method of reproduction.

7. Write down one condition that favours the process above.

8. What happens to the diaphragm during exhalation?

9. Name the skin disease caused by itch mites.

10. State the principle on which a pin hole camera works.

- WARNING: Not to be reproduced electronically.**
11. State one way of keeping the digestive system in the good working condition.

12. Give one importance of prescribing drugs before giving the patient.

13. John boiled alcohol and water in the same container. Which of the liquids boiled last in the container?

14. How does manganese permanganate make water safe for drinking?

15. Which element of weather requires people to use umbrellas?

The diagram below shows an example of a garden equipment. Study and use it to answer questions 16 and 17.

16. Name the garden equipment shown above.

17. Which property of air enables the person using the equipment above to work?

18. Name the intestinal worm that enters our bodies by penetrating through the skin of bare feet?

19. Give any one way of preventing the spread of COVID 19.

20. Which energy resources in the environment are conserved by afforestation?

1 Why do we group invalids and convalescents as vulnerable people?

Give one effect of pouring old engine oil in the garden.

23. State any one way how young farmers club help to conserve the environment.

24. Name any one form of energy produced by a working electric bulb.

The diagram below shows a boy promoting oral health. Study and use it to answer questions 25 and 26.

25. Which oral health practice is carried out by the boy in the diagram above?

26. How does the healthy practice carried out by the boy above help to prevent teeth decay?

27. Which disorder of the respiratory system is caused by blockage of airflow into the throat?

28. Give any one role played by the family in promoting immunisation program.

29.

State one advantage of fencing water sources in the community.

30.

How can mulching control soil erosion?

31.

Give any one characteristic of worker bees.

32.

Name the cattle product used as a raw material in dairy industries.

33.

State any one way how tepid sponging is useful to a fever victim.

34.

Give one law governing the use of alcohol in Uganda.

35.

State any one practice that can lead to persistence of an infection when a patient is on medications.

36.

Give one disadvantage of improper spacing of crops.

37.

Apart from spiders, mention one other example of arachnids.

38.

Give one protective function of the human skeleton.

39.

State the importance of root hairs to mango plants.

40.

Which body organ is responsible for removing urea from blood?

41 (a) How are the following tuber crops propagated in the environment;
(i) Irish potatoes?

Section B (60 Marks)

(ii) carrots?

(b) Give two economic importance of conifers.
(i) _____
(ii) _____

42 A P.5 pupil was given the following materials; dry leaves, water, two containers and stones to experiment the behaviour of different objects when immersed in water.

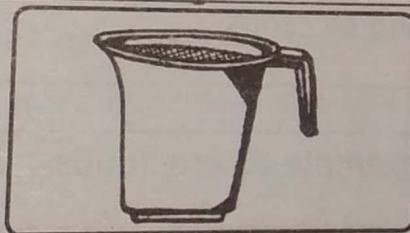

(a) State what happens to the following when immersed in water;
(i) dry leaves

(ii) stones

(b) Give a reason to support your answer in 42 (a) (i) above.

(c) Mention one other material which behaves like stones when put on water.

43. The diagram below shows an instrument used in handling milk. Study and use it to answer the questions that follow.

(a) Name the instrument shown in the diagram above.

(b) Give the use of the instrument shown above to a cattle farmer.

(c) Why is the instrument above made with a sieve?

(d) Apart from Jersey, name one other breed of cattle kept for milk production on a farm.

44

WARNING: Not to be reproduced electronically!!!

(a) What is family planning?

(b) Mention one natural method of family planning.

(c) Give any two causes of infant mortality rate.

(i)

(ii)

45

(a) State the cause of the following mineral deficiency diseases;

(i) rickets

(ii) anaemia

(b) Mention any two food stuffs we can eat to prevent kwashiorkor.

(i)

(ii)

46.

(a) Which crop growing practice is carried out by oxen on a farm?

(b) State one reason for providing the roof on a cattle dip tank.

(c) Name any two viral diseases that attack cattle in on a farm.

(i)

(ii)

Okello was given First Aid below by his friend Kato, after getting a water accident. Use it to answer questions that follow.

8 (a) Identify the first aid Okello is receiving from Kato as shown above.

(b) State one cause of the above water accident.

(c) Give any two ways how school children can prevent themselves from getting above water accident.

(i) _____

(ii) _____

(a) To which type of change do the following belong;

(i) rusting of copper?

(ii) falling sick and recovering?

(a) Apart from painting, give two other ways of preventing rusting.

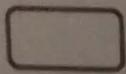

(i) _____

(ii) _____

John was taken to the hospital after falling sick. When the nurse measured his temperature, it has raised by 3°C .

(a) What was John's body temperature?

(b) Convert John's body temperature to degrees Fahrenheit. (03 marks)

(a) Give any one cause of hens laying soft shelled eggs.

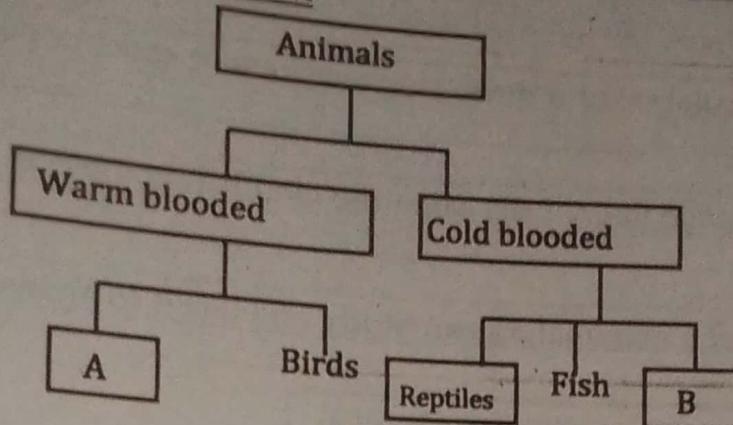

(b) Give one way of preventing hens from laying eggs with soft shells.

(c) State two conditions necessary for fertilized eggs to hatch into chicks

(i) _____

(ii) _____

The table below shows classification of animals. Study and use it to answer the questions that follow.

(a) Name the classes of animals marked A and B from the table above.
 (i) A _____ (ii) B _____

(b) Mention any one animal that belongs to group B on the table above?

(c) Give one similarity between birds and fish in terms of reproduction.

52. (a) Which component of soil?;

(i) helps in soil aeration

(ii) helps to balance soil temperature

(b) Explain how deforestation can lead to soil erosion.

(02 marks)

53. (a) To which group of simple machines would you classify bottle tops and jar lid?

(b) Give two ways how simple machines are important to man.
 (i) _____
 (ii) _____

(c) State any one way of increasing the efficiency of inclined planes as simple machines.

54

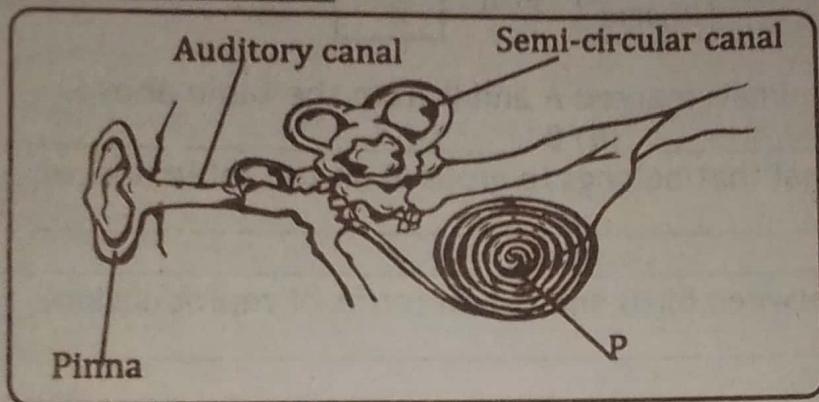

(a) Give any two ways of preventing children from electricity shocks at home.
(i) _____
(ii) _____

(b) How does proper insulation of a three plug pin prevent short circuit?

(c) State the energy change in dry cells when the circuit is complete.

55

The diagram below is of a mammalian ear. Study and use it to answer questions that follow.

(a) Name the part marked P.

(b) Give a reason why sound messages are sent to the brain.

(c) How does sound of high pitch and loud volume affect the proper functioning of the human ear?

(b) State any one way of caring for the human ear.

Be prepared.

Start the day with a good breakfast and give yourself plenty of time to get to the exam hall. Remember to take everything you need including pencils, pens, a bottle of water and some tissues.

Section B. (50 Marks)

1. Read the passage below carefully and then answer, in full sentences the questions that follow.

THE FAMOUS CARTOONIST

Mr. Jimmy Spire Ssentongo is a famous cartoonist. He was born on 14th August 1979. He studied Fine Art at Makarere University. He graduated in 2002. He started drawing cartoons and posting them on his social media platforms. Those cartoons attracted the attention of different newspapers. Editors of different newspapers requested him to draw cartoons for their newspapers. His cartoons have been published by different newspapers for example, *The Observer*, *The New Vision*, *The East African* and *The Guardian*.

Mr. Ssentongo draws cartoons to expose injustice in the country. He watches news and reads newspapers. When he goes back home, he draws cartoons to address issues he identified in the news. He starts drawing cartoons at 9:00p.m after supper. He uses one hour to draw his cartoons and then he goes to bed. His work has served as a source of inspiration for artists and activists around the world. It has also brought him security threats from corrupt officials in the government.

- (j) Apart from Musisi Peter, mention one other teacher shown on the report card.

53. Read the poem below and answer the questions about it in full sentences.

MY VISIT TO THE ZOO

Early in the morning
I approached my father
Requesting money and permission
To go to the zoo

I have a kind father
He gave me shs. 100,000/=
For fare and pocket money
I boarded a bus
In just two hours
I had reached the zoo

What an interesting place a zoo is!
I saw a lot of animals
Monkeys, lions, zebras
To mention but a few
I learnt a great lesson
Every creature is important
I can't wait for the day I will go back.

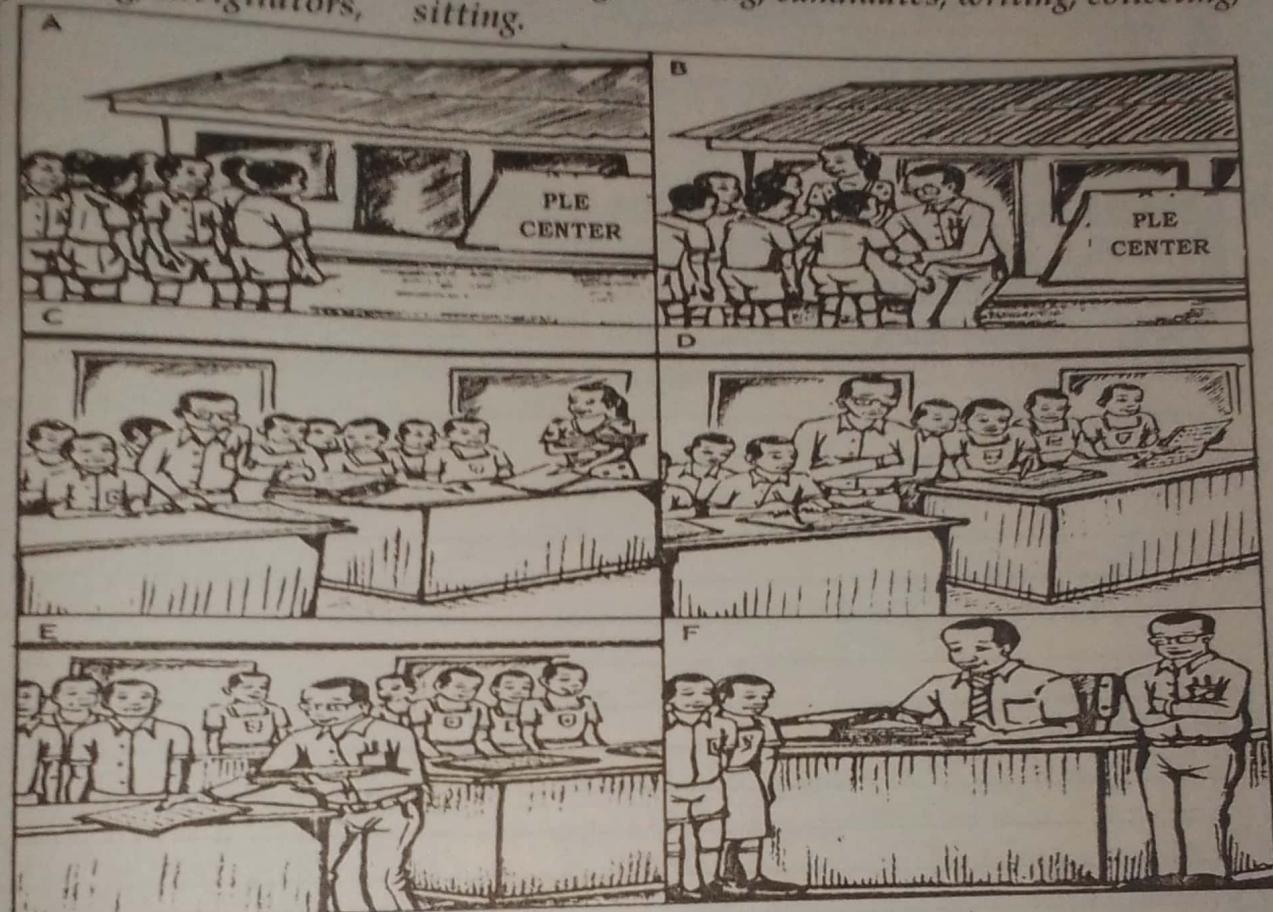

Pauline P7 Giants

Questions

- (a) What is the poem about?
- (b) When did the writer approach her father?
- (c) Why did the writer approach her father?
- (d) How has the writer described her father according to the second stanza?
