(Join the sentence beginning: **If**.....)

.....  
.....

## SECTION B (50 MARKS)

(Questions 51 to 55 carry ten marks each)

51. Read the passage below and answer the questions that follow in full sentences.

Adriko is a pupil at Global Junior School. Ekityang Village in Arua district. He stayed with his widowed mother and three siblings; a brother and two sisters all of whom don't go to school. Their mother doesn't have money to pay their fees because they live a life of hand to mouth.

Adriko doesn't go to school on Tuesdays and Fridays. On these days, Adriko goes to Ejupala Market to sell **cocks, hens, chicks** and goats that are looked after at home. It is from such sales that Adriko gets money to pay his school fees and to look after the family.

One day, Adriko sold the animals as he had always done. This time he did not go home after selling the animals. He decided to go to a betting company shop and take part. He went on betting until he was left with only one thousand shillings out of the one hundred thousand shillings he had got from the sales.

"East or West, Home is the best," Adriko had to go back home. On reaching home, he lied to his poor widowed miserable mother that he had been robbed of the money on his way home. Their mother smelt a rat but she kept quiet after all what could poor she do!

Later in the day, Adriko's mother discovered betting papers in her son's pockets, When she totaled the money spent on the betting exercise plus the one thousand shillings she received, she discovered that it amounted to one hundred thousand shillings, the exact money Adriko had got from the sales of animals. The poor woman collapsed and was taken to Kuvula Hospital in Arua. What dreadful day it was!

- a) What is the passage about?
- .....  
.....  
.....

b) How many children are in Adriko's family?

.....  
.....

c) To where is Adriko's school located?

.....  
.....

d) Why don't' Adriko's siblings go to school?

.....  
.....

e) What does Adriko do on Tuesdays and Fridays?

.....  
.....

f) How much did Adriko spend on betting altogether?

.....  
.....

g) How was Adriko irresponsible?

.....  
.....

h) Give a word to mean the same as the following as used in the passage.

i) Cocks, hens and chicks.....

ii) miserable.....

i) In which hospital was Adriko's mother taken?

.....  
.....

52. *Read the poem below carefully and answer questions about it in full sentences.*

In every land, both near and far  
Children have rights wherever they are  
To learn and play, to laugh and grow  
These rights we cherish this we know.

We have the right to be safe and sound  
With love and care that is always  
To go school and learn each day  
For knowledge helps us find our way

But these rights become duties too,  
Responsibilities we must pursue  
To respect each other, near and far  
And be kind and fair, no matter who we are

To help at home to lend a hand  
And care for a nature, protect the land  
For with rights and duties, hand in hand  
We'll build a world where all can stand.

So let's stand tall young and free  
Embracing rights and responsibilities  
Together we'll make our world bright  
With love and kindness, shining star.

Composed by Komuntale Christianna

### Questions

- a) What is the poem about?

.....  
.....

b) According to the poem, what rights do children have?

.....  
.....

c) Why do you think it is important to respect each other?

.....  
.....

d) How many verses are in the poem?

.....  
.....

e) Mention one right of children according to the poem.

.....  
.....

f) What does the poet say about going to school?

.....  
.....

g) Why does the poet describe knowledge as important?

.....  
.....

h) Who wrote this poem?

.....  
.....

i) Give another word or group of words to mean.

cherish.....

embracing.....

53. Below is a record of items sold in Adele's shop in Sezibwa village in Koboko district. Use it to answer the questions that follow in full sentences.

Item	Quantity	Price
Salt	6kg	1200@kg
Sugar	10kg	3000@kg

Millet flour	5kg	4500@kg
Sweets		Free

**Questions**

- a) What does this tables show?

.....  
.....

- b) Where is this shop located?

.....  
.....

- c) How much money did she earn after selling sugar and salt?

.....  
.....

- d) How many items are on the table?

.....  
.....

- e) What is the most expensive item on the list?

.....  
.....

B) Study the announcement below and then answer the questions that follow.

**DEATH ANNOUNCEMENT**

National Water and Sewerage Corporation (Jinja Branch) regrets to announce the untimely demise of their employee. Eng. Byekwaso Elijah which occurred today morning as he was heading to work in a car accident.

Informed are relatives, friends and fellow workmate. Burial arrangements will be communicated soon. RIP Elijah

**Management.**

**22.09.2024**

**Questions**

a) What name is given to the above information?

.....  
.....

b) Which company is announcing the loss?

.....  
.....

c) When did the accident occur?

.....  
.....

d) Who are being informed?

.....  
.....

e) Write the short form of corporation.

.....  
.....

54. The sentences below are in a wrong order. Rewrite them to form a good composition.

- a) First he bought paper, a pen and an envelope.
- b) After writing the letter, he put it in an envelope and sealed it.

## **SECTION A: (40 marks)**

1. Multiply:

$$\begin{array}{r} 2 \ 1 \\ \times \ 4 \\ \hline \end{array}$$

2. Write "**one thousand one**" in number figures.

3. Solve:  $3m + 2 = 11$

4. Simplify:  $4g - 3h + 2g + 7h$

5. Decrease sh. 8,000 in the ratio of 3 : 4

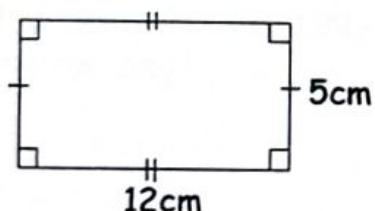

6. A forty-minute lesson started at 2:00pm. Write the time it ended in 24-hour clock system.
7. Three workers build a house in 20 days. How many workers will be needed to build a similar house in 12 days working at the same rate?
8. The tallies below represent a numeral. Express the numeral shown in base five.

||||| ||||| ||||| ||||| 111

9. Find the arithmetic mean of  $6$ ,  $2k - 4$ ,  $10k$  and  $2$ .

10. A P.6 pupil bought 4 cakes at sh. 2,800. How much money does she pay for 6 similar cakes?

11. Calculate the perimeter of the shape below.

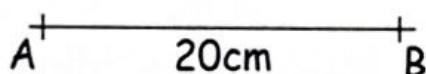

12. Construct an angle of  $105^{\circ}$  using a pencil, a ruler and a pair of compasses only.

13. Find the next number in the sequence:  
1, 2, 6, 15, .....

14. Express 30 minutes as a percentage of an hour.

15. AB is a line segment measuring 20cm as shown.

How many line segments of such length can be joined to make a line of 3 metres long?

16. The expanded form of the numeral 4P6 in base ten is  $400 + 90 + 6$ .  
Find the digit represented by P.

17. Given  $R=\{3, 4, 5, 6, 7\}$  and  $W=\{1, 2, 7\}$ . Draw a Venn diagram to show these two sets.

18. A shirt costs three times the as much as a short. A belt costs sh. 5,000 less than a short. If the cost of a shirt is twice as much as the cost of a short and a belt. Find the cost of a shirt.
19. Two angles  $2y - 40^\circ$  and  $y + 10^\circ$  are complementary. Find the value of  $y$ .
20. Given that Ugsh.4200 = USD 1. How many United States dollars can Alex exchange for Ug.sh. 1,260,000?

## **SECTION B: (60 Marks)**

21. A farmer borrowed sh. 120,000 from a village bank at a simple interest rate of 20% per annum for 2 years.

a) Work out the simple interest he paid at the end of 2 years.

**(2 marks)**

b) Calculate the amount of money the farmer returned to the bank.  
**(2 marks)**

22. Below is a frequency table showing marks of pupils in a French test.

Mark	80	50	70	90
Number of pupils	4	3	1	2

a) How many pupils did the test?

**(2 marks)**

24. A motorist used 2 hours to move from town P to town Q at 40km/hr.  
From town Q, he continued to town R at 60km/hr for another 3 hours.  
a) Calculate the total distance from town P to town R. **(4 marks)**

b) Work out the average speed of the motorist for the whole journey.  
**(2 marks)**

25. a) Simplify:  $\frac{0.9 \times 0.6}{0.03}$  **(3 marks)**

b) Work out:  $\frac{1}{4} - \frac{1}{9} \div \frac{2}{3}$  **(2 marks)**

26. Given the numeral 374·59

a) What is the place value of 9? **(2 marks)**

b) Calculate the sum of the value of 3 and the value of 5. **(3 marks)**

27. Using a ruler, a pencil and a pair of compasses only, construct an equilateral triangle of side 7cm. **(4 marks)**

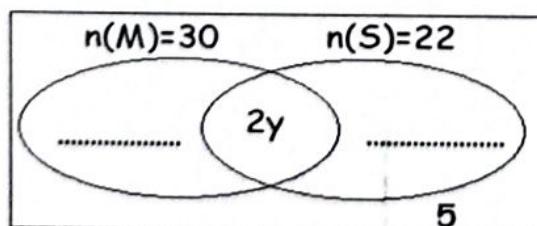

28. Three consecutive odd numbers  $(n+1)$ ,  $(n +3)$  and  $(n+5)$  have a sum of 45.  
a) Find the value of n. **(3 marks)**

b) Work out the product of the smallest and the middle number. **(2 marks)**

29. In a school 40% were boys and there were 720 girls last year. This year the number of girls increased by 15% and the number of boys increased in the ratio 9:8. How many pupils are in the school this year altogether? **(6 marks)**

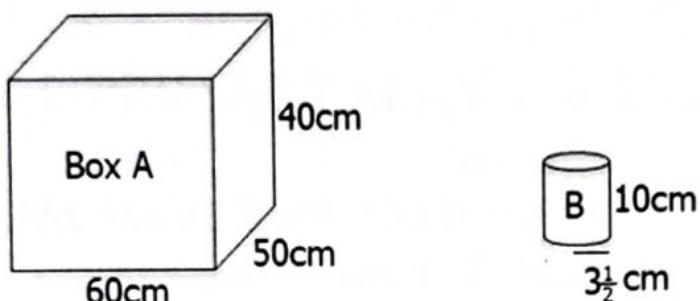

30. In preparation for Academic Inspection of term two 2024 at Hillside Primary School-Naalya, a teacher of Primary Six class asked a group of 51 pupils which activites they liked. 30 liked mental work (M), 22 liked spelling (S), 2y liked both activities while 5 liked none.

- a) Complete the Venn diagram below. **(2 marks)**

- b) How many pupils liked both activities? **(2 marks)**

32. Below is a rectangular box A and a cylindrical tin B.

- a) How many layers will be formed if all tins are packed? **(1 mark)**
- b) How many tins can be packed in the first layer? **(3 marks)**
- c) Calculate the volume of the space left after packing all tins.  
**(2 marks)**

(i) .....

(ii) .....

(c) Give any two reasons why Prophet Muhammad performed miracles in His teachings.

(i) .....

(ii) .....

**53. Either:**

(a) What term is used to mean the appearance of God in three persons?

.....

(b) Name the three divine persons in which God exists.

(i) .....

(ii) .....

(iii) .....

**OR:**

(a) What term is used to mean the successors of Prophet Muhammad?

.....

(b) Name any three successors of Prophet Muhammad.

(i) .....

(ii) .....

(iii) .....

**54. Either:**

a) Give any one reason why a Bible is regarded as a holy book by Christians

.....

(b) Give any two Gospel books found in the Bible

(i) .....

(ii) .....

(c) Mention any one way of showing respect to a Bible.

.....

**OR:** a) Give any one reason why a Qur'an is regarded as a holy book by Muslims

.....

(b) Give any two holy books that were revealed to prophets in Islam

(i) .....

(ii) .....

(c) Mention any one way of showing respect to a Qur'an.

**55. FOR ALL PUPILS:**

- a) What is meant by the term religion?

.....  
.....

- (b) Write any two examples of world religions besides Christianity and Islam.

(i) .....

(ii) .....

- (c) What term is used to refer to lack of faith in the existence of God or gods?

.....

## **SECTION A**

1. State any one use of carbon dioxide to people.

.....

2. Apart from recording using magnetic devices, mention any other way of storing sound.

.....

3. Give a reason why sheep farmers carry out docking in sheep.

.....

.....

4. How does the grouping of vertebrates differ from that invertebrates?

.....

.....

5. Write any one element of PHC.

.....

.....

6. Why is the filament of an electric bulb long and thin?

.....

.....

7. Which nutritional food value repairs worn out body tissues in the body?

.....

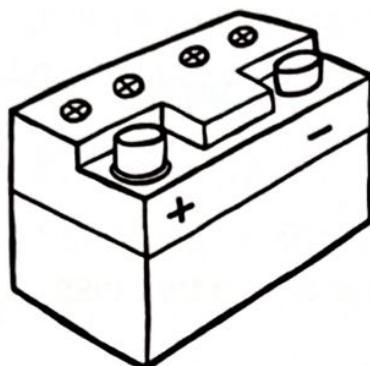

.....

8. Give any one method used in extraction of honey from the combs.

9. How are physical exercises important to the human body?

.....  
.....

**The diagram below shows an electric cell. Use it to answer the question 10.**

10. Why is the above electric cell grouped under secondary cells?

.....  
.....

11. Give any one mechanical way of controlling mosquitoes at home.

.....  
.....

12. How are halteres useful to insects?

.....  
.....

13. Identify any one importance of echo to some animals

.....  
.....

14. Define the term 'timber seasoning'.

.....  
.....

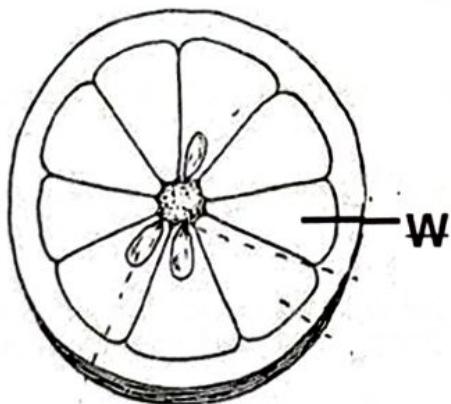

15. How is a cotyledon useful to a groundnut seed?

.....  
.....

16. What property of air enables us to suck soda using a straw?

.....  
.....

17. How are the seeds of the above fruit dispersed?

.....  
.....

18. How is a systole phase different from a diastole phase in blood circulation?

.....  
.....

19. Why should a person harvesting honey wear a bee veil?

.....  
.....

20. State any one function of the vas deferens in the body.

.....

21. State the importance of oxygen during seed germination.

.....

22. What do we call the blood vessel that transports blood rich in digested food from the ileum to the liver?

.....

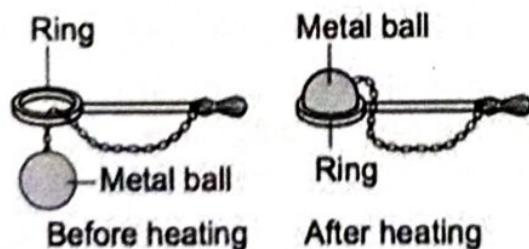

23. State any one functional similarity between a cartilage and synovial fluid.

.....

24. Mention one way of controlling ecto-parasites in goats.

.....

**Study the diagram below shows an experiment carried out by a p.5 class. Use answer the questions 25 and 26.**

25. Why does the metallic ball fail to pass through the ring after heating?

.....

26. Apart from expansion, identify other one effect of heat on matter.

.....

27. Give **one** way farmer increase on the supply of nitrogen in the soil.

.....

28. How are air sacs adapted to their function?

.....

.....

29. What is farrowing as used piggery?

.....

.....

**The diagram below shows a type of latrine. Use it to answer questions 30 and 31.**

30. What type of latrine is shown in above diagram?

.....

.....

31. Identify any one way the above health facility helps to control the spreads diarrhoeal diseases

.....

32. Give any one importance of colostrum to a calf.

.....  
.....

33. In which state of matter does sound travel fastest?

.....

34. Name the form of mechanical energy possessed by boiling water.

.....  
.....

35. State any one importance of covering food during the cooking process.

.....  
.....

36. Which force of attraction enables some insects to easily walk on water?

.....

37. How is bronze an important alloy in our daily life?

.....

38. Give any one way how some plants prevent self-pollination.

.....  
.....

40 .How does wearing of sweaters by school pupils help to keep them warm?

.....  
.....

## **SECTION B**

**41a) Give any two characteristics of images formed in the human eye .**

(i).....

(ii).....

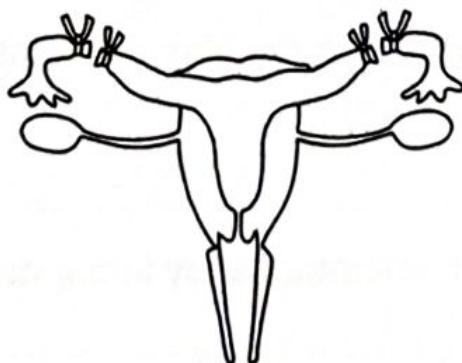

**b) Where are images formed in the human eye?**

.....

**c) Mention any one effect of refraction of light.**

.....

**42.The diagram below shows a method of family planning. Use it to answer questions that follow.**

**a) Identify the permanent method of family planning shown above.**

.....

**b) Why does the government of Uganda encourage people to use family planning methods?**

.....

(c) State any two problems faced in large families.

(i).....

(ii).....

43. a) Define the term dehydration.

.....  
.....

b) State any two signs of a dehydrated child.

(i).....

(ii).....

c) Give any one cause of dehydration.

.....

44. a) How are following used as energy resources?

(i)Plants

.....  
.....  
(ii)Water

b) Why is a biogas digester tightly sealed?

.....  
.....

c) How is charcoal formed?

.....  
.....

**45.**The table below shows immunisable diseases, vaccine administered and the age at which immunization takes place. Complete it correctly.

DISEASES	VACCINE	AGE
Measles	(i).....	9 months
Tuberculosis	BCG	(ii).....
(iii).....	Polio vaccine	At birth
Diphtheria	(iv) .....	6 weeks

**46.a)** What is meant by the term skeleton?

.....

.....

**(b)**What type of skeleton is possessed by an earthworm?

.....

.....

**(c)** State any two functions of muscles in the body.

(i).....

(ii).....

47a) What is the scientific term that describe the process by plants make their own food?

.....  
.....

b) Mention any one raw material needed by a plant to make food

.....  
.....

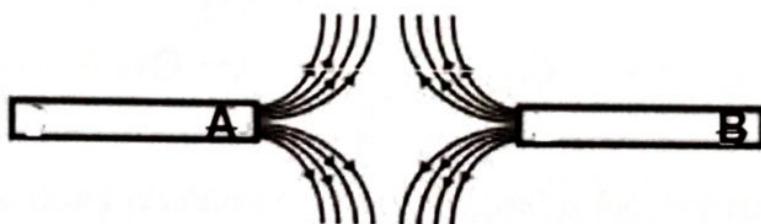

c) Give any one adaptation that enables leaves of a plant to make food.

.....  
.....

(d) What role does sunlight play during the manufacture of food by plants.?

.....  
.....

48 The diagrams below show a property of magnets Use it to answer question that follow.

a) Identify the poles of magnets marked A and B.

- (i) A .....  
(ii) B .....

- b) What does the above property prove about magnets?

.....  
.....

- c) Mention any one use of magnets in our daily life.

.....  
.....

- 49 (a) Give the main purpose for keeping the following types of cattle.

- (i) Dairy cattle

.....

- (ii) Beef cattle

.....

- (b) Identify any one disease of cattle.

.....

- c) How is a burdizzo important to cattle farmer?

.....

50. Below is a diagram of a fungus. Use it to answer the questions that follow.

- a) Why can't the above living thing make its own food

.....

b) How does the organism reproduce?

.....  
.....

State the function of part marked **Q** to the above fungus.

.....  
.....

c) How is the above fungus useful to man?

.....  
.....

51. a) How do the following reduce friction?

(i) Ball bearings

.....  
.....

(ii) Rollers.

.....  
.....

b) State any two uses of friction to man.

(i) .....

(ii) .....

52. a) Give any two types pollution.

(i) .....

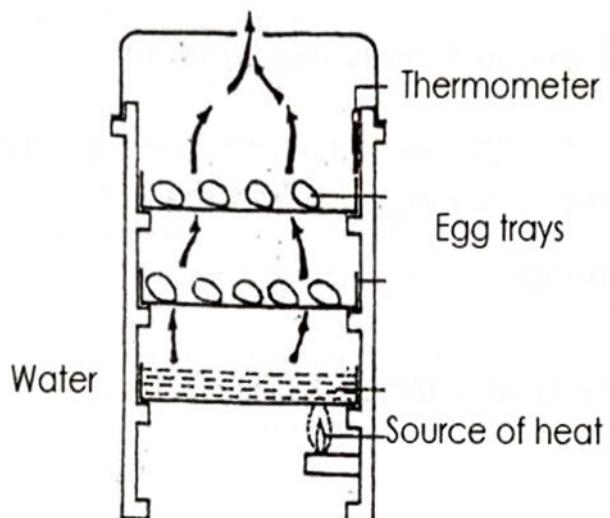

(ii) .....

b) How does planting of trees around a factory reduce pollution in that area where it is located?

.....  
.....

- c) Name any one example of non-biodegradable material in the environment.
- .....

53. Below is a diagram of a structure on a poultry farm. Use it to answer the questions that follow.

- (a) Give the function of the thermometer above structure on a farm.
- .....
- .....
- (b) What is the scientific name of the above poultry structure?
- .....
- .....
- (c) Suggest any one condition provided by the above structure to the egg to enable the hatch.
- .....
- .....
- (d) Identify any one type of incubation.
- .....

**54a) Name any two types of soil erosion.**

i).....

ii).....

**b) How does deforestation lead to soil erosion?**

.....  
.....

**c) Give any one way of controlling soil erosion**

.....  
.....

**55. Match the following types of electricity to their sources.**

**A**

Hydro electricity

**B**

Burning fossil fuels

Solar electricity

Fast flowing water.

Thermal electricity

Uranium

Nuclear electricity

The sun

a) Hydro electricity .....

b) Solar electricity .....

c) Thermal electricity .....

d) Nuclear electricity .....

**END**

- b) Find the range of marks. **(2 marks)**
- c) Calculate the average mark below 80. **(2 marks)**

23. Kevin was given a bundle of bank notes numbered consecutively from BH 8938828 to BH 8938873
- a) How many notes was he given? **(2 marks)**
- b) If the value each note Kevin got was sh. 2,000, how much money did he get? **(2 marks)**
