SECTION A: 40 MARKS

Answer all questions in this section

Questions 1 to 20 carry 2 marks each

1. Divide: $3535 \div 7$.

2. Write "four hundred nineteen thousand ninety and seventy thousandths" in figures.

3. Study the Venn diagram below and find $n(Z - Y)$.

4. Find the Greatest Common Factor of 18, 24 and 30.

5. Using a pair of compasses, a ruler and a pencil only construct the supplement of 105° .

6. Simplify: $13b - 6n - b - 3n$.

7. Complete the sequence below correctly.

2, 6, 12, 20, 29, _____

8. Daniel had $2\frac{1}{2}$ kg of milk powder. He gave $\frac{3}{4}$ of it to his sister Bella.
How much ground nuts did he remain with?

9. Work out $(9.48 \div 4) + (2.52 \div 4)$ using common factor property.

10. Express 15m/s in km/hr.

11. Find the average of 4 , $5y + 10$, $3y$ and $4y - 6$.

12. Express a quarter past midnight in 24 hour clock system.

13. Work out: $3 \times 5 =$ _____ (finite 8)

14. Find the number of lines of folding symmetry in the figure below.

15. A bag tagged sh. 25,000 was later bought by Ishaq at 23,000.
Calculate the percentage discount offered to Ishaq.

16. If set H has 63 proper subsets. Find the number of elements in set H.

17. Calculate the value of f in degrees.

18. Express 145_{six} in base four.

19. The volume of a cuboid below is 96m^3 . Find its height h , if its base area is 24m^2 .

20. Simplify: $\frac{3}{4} - \frac{2}{3} + \frac{3}{6}$

SECTION B: 60 MARKS
Answer all questions in this section

Marks for each question are indicated in the brackets

21. The Venn diagram below shows the number of pupils who like French (F) and Kiswahili (K) in a certain P.7 class. Study it carefully and answer the questions that follow.

like

- a) Find the value of d given that the number of pupils who like French is equal to the number of those who hate Kiswahili. (03 marks)
- b) how many pupils like Kiswahili? (02 marks)

22. a) Solve for r: $2 - 3r \leq -10$ and write its solution set. **(03 marks)**

b) Work out: $-9 - +4$ **(02 marks)**

23. a) Work out: $10010_{\text{two}} - 101_{\text{two}}$ **(02 marks)**

b) Given that $204_g = 54$, find the value of g.

(03 marks)

24. Given that the number **20** and **M** are in the ratio of **5 : 3** respectively. Study the prime factor set below carefully and answer the questions that follow.

Find the value of:

a) **M**

(02 marks)

b) **r**

(02 marks)

c) e

(02 marks)

25. Mugema left town T travelling at a steady speed of 60km/hr. to town W. He rested for 40 minutes at town W and then continued to town Z at a steady speed of 90km/hr. for 2 hours. If the distance between town T and town W is the same as that between town W and town Z, find the average speed for the whole journey. (05 marks)

26. a) Using a pair of compasses, a ruler and a pencil only construct a parallelogram BOAT, where line BO = 6cm, line BA = 10cm and line OT = 8cm. **(04 marks)**

b) Measure angle BTA. **(01 mark)**

27. On a poultry farm, the number of hens is half the number of Turkeys and the number of ducks is a third the number of hens. If there are 180 birds altogether for the mentioned categories, find the number of each category on the poultry farm. **(05 marks)**

28. a) simplify: $\frac{3}{4} - \frac{1}{2}$ of $\frac{2}{3}$ **(02 marks)**

b) Work out: $\frac{3.6 \times 0.024}{0.09 \times 2.0}$ (03 marks)

29. a) Work out the value of b in the diagram below. (02 marks)

b) Find the number of triangles of a polygon whose exterior angle is 40° . **(03 marks)**

30. Given the cuboid below.

a) Find the length of the wire used to make its frame. **(02 marks)**

b) Work out its base area. **(02 marks)**

31. A mother had sh. 30,000 and bought the following items as shown in the table below.

Item	Price	Amount
2 kg of sugar	Sh. 4000 per kg	Sh. _____
_____ ml of cooking oil	Sh. 8000 per litre	Sh. 2000
$2\frac{1}{2}$ kg of G. nuts	Sh. _____ Per kg	Sh. _____
Total expenditure		Sh. _____

If she remained with sh. 5000 complete the table above. (05 marks)

32. The pie chart below shows how Mrs. Zamba spends her monthly income. Of Sh. 900,000

a) Find the value of q in degrees. if she spends **(03 marks)**
sh. 300,000 on fees.

b) ~~What percentage of the income is spent on rent?~~ **(02 marks)**
~~What percentage of the income is spent on food?~~

SECTION A: 40 MARKS

Questions one to 40 carry one mark each

1. Name the method of making alcohol used for making wine.

.....

2. State the force found around magnets.

.....

3. Write down one factor that may lead teenage pregnancy.

.....

4. State the function of the cistern tank in a flush toilet.

.....

5. Give any one way in which children can promote sanitation.

.....

6. Mention any one effect of over blowing the nose.

.....

The diagram below shows a toothbrush. Use it to answer question 7 and 8.

7. Identify the part marked with letter K.

.....

8. State the function of part marked K during the brushing of teeth.

.....

9. Through which body organ does the oxygen we breathe in enter the human body?

.....

10. State any one way the screens on ventilators help to protect people from getting malaria.

.....

11. How do puffballs reproduce?

.....

.....

The diagram below shows an animal. Study it and answer the questions 12 and 13.

12. To which group of vertebrates does the animal drawn below belong?

.....

13. Why does the above animal have along strong tail and sharp teeth?

.....

.....

14. State the importance of a spore case to a moss.

.....

15. Name the renewable resource used to generate tidal energy.

.....

16. Give any one sign of trichomoniasis.

.....

17. Identify the electrolyte that can be used in a flooded cell.

.....

18. State the behaviour of an object of mass 40g and volume of 10cc when placed in water.

.....

19. Mention one other organism that causes dysentery apart from bacteria.

.....

20. Give any one characteristic of multipurpose trees.

.....

21. State any one way the government of Uganda has tried to conserve endangered wild life.

.....

22. Give any one chemical used to prevent pests of cattle.

.....

23. State the reason why crop farmers apply urea in their gardens.

.....

24. Give any one characteristic of sponges.

.....

The diagram below shows a soccer boot. Use it to answer question 22 and 23

25. Name the structures marked with letter P.

.....

26. How do such structures help to increase friction during use by a soccer player?

.....
.....

27. Mention any one way the body loses heat apart from sweating.

.....

28. Write the term used to describe the growth response by plant roots towards gravity.

.....
.....

29. Give any one characteristic of chemical changes apart from forming new substances.

.....

30. State any one way a spiny anteater is different from other mammals.

.....

31. Mention any one example of an animal fibre.

.....

32. In the space provided below, draw the process of peristalsis in the gullet and indicate the region of contraction of muscles.

33. State the difference between the function of the tendon and the ligament in the muscular skeletal system.

.....
.....

34. Name the part of the joint that prevents bones from rubbing each other.

.....

35. Name the type of latrines that separates urine from faeces.

.....

36. State the reason why pure water is not recommended for drinking.

.....

37. State any one danger of rusting of metals.

.....

38. Mention any one form of sex deviation.

.....

39. Mention any one example of a serious health concern in Ugandan communities.

.....

40. Name the eye defect caused by a long eye ball.

.....

SECTION B: 60 MARKS

Questions 41 to 55 carry four marks each

41. a) State the difference between pitch of sound and volume of sound.

.....
.....

b) Write down any two factors that affect the pitch of sound.

- i)
- ii)

c) Give any one way of reproducing written sound.

.....

42. Study the diagram below and answer the questions that follow.

a) Describe what is taking place in the diagram above.

.....
.....

b) State the reason why the person is:

- i) Standing on a book.

.....

- ii) Removing the bare electric wire using dry stick.

- iii) Mention one possible ways of preventing such accident at home.
-

43. The diagram below shows Anita taking soda using a straw. Use it to answer questions that follow.

a) Identify the property of air drawn above.

.....

b) What will happen to the soda in the container when Anita blows air through the straw?

.....

c) Mention any two other properties of air.

(i)

(ii)

44.a) Mention the class food that is first digested in the stomach.

.....

b) State two ways in which hydrochloric acid is useful in the stomach.

- i)
- ii)

c) Name the part of the alimentary canal that receives food from the stomach during digestion.

.....

45.a) Mention two conditions which may cause a VIP latrine to smell.

- i)
- ii)

b) State the reason why a VIP latrine should be constructed with a spiral wall.

.....
c) Give any one reason why the depth of a latrine should be shallower than that of a water source.

.....
.....

46. The diagram below shows a climbing plant. Use it to answer the given questions.

a) Name the structure marked K.

.....

b) State any two reasons why do plants with weak stems climb others.

i)

ii)

c) Identify any one plant that climbs others.

.....

47. The diagram below shows a white blood cell. Use it to answer the questions that follow.

a) Name the part marked with letter T.

.....

b) Give any two ways white blood cells fight germs.

i)

ii)

c) State the reason why blood group O is considered a universal donor.

.....

.....

48. The diagram below shows two cups made of different materials filled with hot milk. Use it to answer questions that follow.

plastic cup

metallic cup

a) Name the cup that will keep the milk hot for a longer time.

.....

b) State the reason for your answer in a) above.

.....

c) Which body organ enables us to tell that milk is hot?

.....

d) State any one danger of taking very hot milk.

.....

49. a) What is a school health committee?

.....

.....

b) Give any two roles of the school health committee.

i)

ii)

c) Mention any one member of the school health committee.

.....

50.a) State any one reason why conduction and convection of heat energy that does not take place in a vacuum.

.....

d) How does the cork of a vacuum flask minimize heat loss or gain?

.....

c) Apart from the sun, mention any two other natural sources of heat energy.

i)

ii)

51.a) Give any one physical difference between a boy and a girl during the onset of adolescence.

.....

b) State any two emotional characteristics common in adolescent boys and girls

i)

ii)

c) Suggest any one way parents can manage emotional changes in adolescent boys and girls.

.....

52. a) Give any two uses of wind mills.

- i)
- ii)

b) State any one way in which wind helps to dry wet clothes.

.....
.....

c) Mention any one danger of wind in the environment.

.....
.....

53. Give two ways wetlands are important in the environment.

(i).....

.....
(ii).....

(b) Identify one activity that can lead to the destruction of wetlands.

.....
.....

(c) Which government body is responsible for protecting wetlands from encroachment?

.....
.....

54. Mention any two components of blood.

(i).....

.....
(ii).....

(b) What role is played by one of the components above?

.....

.....

(c) How is excessive bleeding dangerous to one's health?

.....

.....

55. Peter accidentally poured salt on sand. His teacher gave him a beaker, water, funnel, filter paper, a source of heat (fire) and a pan to help him get back the salt.

With the help of a diagram, describe how Peter can recover the salt from the sun using the given items.

How will God reward faithful Christians after judgment according to Christianity?

.....

Or: How will Allah reward faithful Muslims according to the Quran?

.....

SECTION B 60 MARKS

Questions 41 to 55 carry four marks each.

41. (a) Give any two reasons why East African Community was formed.

- i)
- ii)

(b) Name any one of the presidents who revived EAC.

.....

(c) Where are the Headquarters of the revived EAC located?

.....

42. a) Who were the inhabitants of the Kenya high lands before the coming of the white settlers?

.....

b) State any two factors that attracted white settlers in the Kenya Highlands.

- i)
- ii)

c) Mention any one economic activity that was carried out by the white settlers in Kenya highlands.

.....
.....

43. a) What are common wealth countries?

.....
.....

b) Mention any two common wealth countries apart from Uganda.

- i)
- ii)

c) Write any one thing that shows that Uganda is a common wealth country.

.....

44. a) Mention any two examples of social service centres in your district.

- i)
- ii)

b) State any two reasons why some people in your community do not get better social services.

- i)
- ii)

C

45. Study the map of East Africa below and use it to answer the questions that follow.

a) Name the interlacustrine Kingdom marked B.

.....
.....
.....

b) What title was given to the kings of the Kingdom marked B on the map.

.....
.....
.....

c) What is the direction of DRC from country marked Q on the map?

.....
.....
.....

d) Using letter M show Lake Malawi.

N

46. a) Name the type of leaders got through the following process.

i) Elections

.....
ii) Ordination

b) State any two ways leaders improve the welfare of people in a community.

i)

ii)

47. a) Why is Uganda called a landlocked country?

.....
.....

b) Write any two problems faced by landlocked countries.

i)

ii)

c) State any one way land locked countries overcome the problem of ~~landslides~~ landlockedness.

.....
.....

48. a) Which type of trade replaced barter trade?

.....
.....

b) State any two reason why Uganda trades with other countries.

(i)

(ii)

③ Write one invisible export of Uganda.

49. (a) Give any two ways floaty vegetation affects the use of water bodies as a resource.

.....
.....

b) State as two ways of controlling water weeds on water bodies.

.....
.....

50. Match list A with B correctly.

A (Raw materials)

i) Copper

ii) Cloves

iii) Phosphates

iv) Diamond

B (Production)

Artificial fertilizer

Cutlery

Electricity wires

Spices

Copper

.....

Cloves

.....

Phosphates

.....

Diamond

.....

For each of the questions **51** to **55**, answer **EITHER** Christian **OR** Islamic questions but **not** both. **NO** mark will be awarded to a candidate who attempts both alternatives in a **particular number**.

51. Either:

- (a) Write any one way a Christian prepares himself or herself for Holy Communion.

.....

- b) State any two ways of Holy Communion is important a Christian.

i)

ii)

- c) Apart from Holy Communion, How else God continue to live among Christians.

.....

OR:

- (a) Write any two ways a Muslim prepares himself or herself for Hijja.

i)

ii)

- (b) State any two ways Hijja is important to a Muslim.

i)

ii)

- c) Apart from Hijja, mention any other pillar of Islam.

.....

52. Either:

(a) Give the meaning of the word "friend".

.....
.....

(b) State any two qualities of a good friend.

(i)

(ii)

(c) Mention any one way a Christians can benefit from good friendship.

.....

Or:

a) Give the meaning of the word "friend".

.....
.....

b) State any two qualities of a good friend.

i)

ii)

c) Mention any one way a Christians can benefit from good friendship.

53. Either:

a) Give any two reasons why Christians marry.

i)

ii)

b) Write any two things that can spoil marriage today.

- i)
- ii)

Or:

a) Give any two reasons why Muslims marry.

- i)
- ii)

b) Write any two things that can spoil marriage today.

- i)
- ii)

54. Either:

a) State any two causes of failure in life.

- i)
- ii)

b) Give any two ways a Christian can overcome failures in life.

- i)
- ii)

Or:

a) State any two causes of failure in life.

- i)
- ii)

b) Give any two ways a Muslim can overcome failures in life.

- i)
- ii)

55. Either:

Complete the table below correctly.

HOLY BOOKS	WRITERS
Genesis	
	King David
Revelation	
	St.Paul

Or:

Complete the table below correctly.

HOLY BOOKS	PROPHETS TO WHOM THEY WERE REVEALED
	Prophet Mohammed
Injir	
	Prophet Dauda
Tauret

SECTION B: 50 MARKS

Questions 51 to 55 carry ten marks each

51. **Read the passage below carefully and in full sentences answer the questions that follow in full sentences.**

Bats live all over the world, except in extremely cold countries. Bats inhabit forests, caves, and roofs of buildings. A bat's home is called a roost, and each bat may have more than one roost. Bats live in groups and for this matter, they are social animals.

Bats are nocturnal creatures, that is to say, they move and hunt for food at night. They stay in their roosts during the day. They sleep hanging upside down. When they are asleep, they fold their wings around their bodies like a blanket. Some bats, the insectivores, eat only insects and others eat fruits.

Despite the saying, "As blind as a bat", bats are not really blind. Some species of bats see better than others. Bats listen for any echoes of sound to avoid crushing into objects such as trees and buildings.

a) Name one place where you are not likely to find bats.

.....
.....

b) Why does the writer mention the roofs of buildings in the passage?

.....
.....

c) Give a reason why bats are social animals.

.....
.....

d) Give a word or words with a similar meaning as those given below in the passage.

(i) Roost.....

(ii) Insectivores.....

(iii) Nocturnal.....

e) What is taking place when the bats fold their wings around their bodies like a blanket?

.....
.....

f) Apart from insects, what other thing do bats feed on?

.....
.....

g) Why do bats listen for any echoes of sound?

.....
.....

h) Suggest a suitable title for the passage.

.....
.....

.....

.....

52B. Read the following poem carefully and answer the questions that follow in full sentences.

What matters is not my name

Neither is it my status nor relationship

To be promoted to the next level

Examination is the only thing to determine

Whether to go or to stay.

What matters is not my race

Neither is it the family where I stay

To be considered for first grade

Examination is the only language

One must speak in order for the others to hear.

What matters is not my size

Neither is it my height or weight

To be selected for a good school

A good examination results slip

Is a matter of life and death.

By BYUMA DANIEL

a) How many stanzas does the poem have?

.....
.....

b) According to the poem, what matters a lot for one to be promoted to the next level?

.....
.....

c) In stanza two, what must one do in order for the others to hear?

.....
.....
