SECTION .A. (40 Marks)

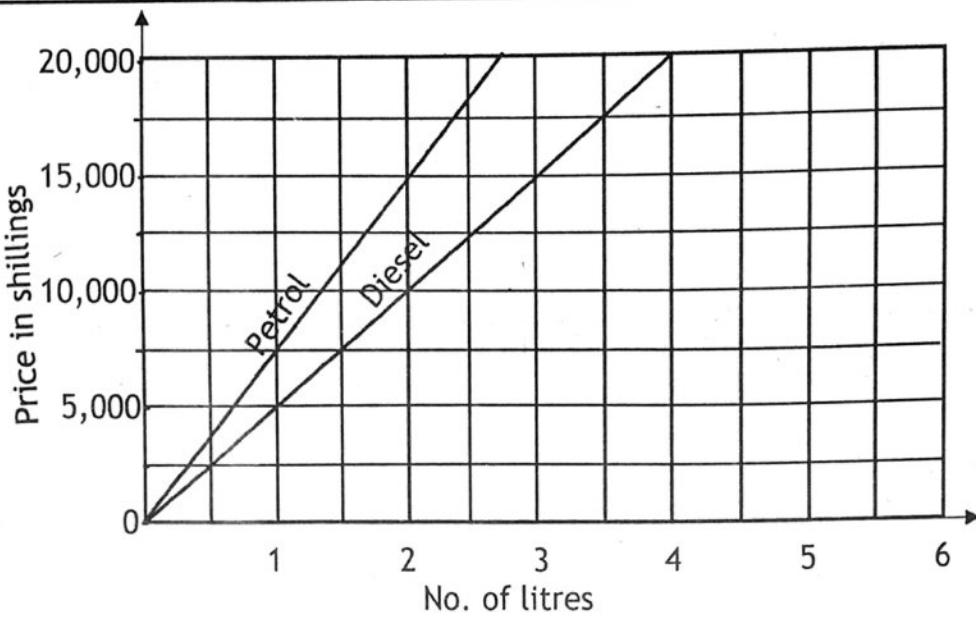

1.	Work out; $\begin{array}{r} 4 & 3 \\ -1 & 2 \\ \hline \end{array}$	2.	Find the missing numbers in the number pattern below. 45, 50, ___, 60, 65, ___										
3.	What number is shown on the abacus below?  _____	4.	Subtract; $\frac{7}{10} - \frac{3}{10}$										
5.	Write the integers shown by arrows on the number line below.  a = _____ b = _____	6.	Describe the shaded region in the venn diagram below. 										
7.	6.	7.	Multiply; Sh. 3600 $\begin{array}{r} 3600 \\ \times 4 \\ \hline \end{array}$										
8.	The graph below shows the marks scored by a P.7 pupil in Beginning of term I exams.  <table border="1"> <thead> <tr> <th>Subject</th> <th>Marks in %</th> </tr> </thead> <tbody> <tr> <td>SST</td> <td>60</td> </tr> <tr> <td>Maths</td> <td>90</td> </tr> <tr> <td>Science</td> <td>70</td> </tr> <tr> <td>English</td> <td>60</td> </tr> </tbody> </table>	Subject	Marks in %	SST	60	Maths	90	Science	70	English	60	(i)	In which subject did the pupil perform best? (ii) How many marks did the pupil get in Science?
Subject	Marks in %												
SST	60												
Maths	90												
Science	70												
English	60												

9.	Draw a square in the space below.	10.	Work out; Hours Minutes $\begin{array}{r} 4 \\ + 1 \\ \hline 5 \end{array}$ $\begin{array}{r} 30 \\ 35 \\ \hline \end{array}$
11.	Find and fill in the missing number. $\boxed{\quad} + 15 = 31$	12.	Find the range of the numbers 42, 13, 8 and 19.
13.	The LCM and GCF of two numbers are 36 and 6 respectively. If one of the numbers is 12, find the other number.	14.	Multiply; 315×24
15.	Using a ruler and a pair of compasses only, construct a perpendicular line through point x.	16.	Find the area of the triangle WXY below. 
17.	Give that $m = 4$ and $n = 10$, find the value of $3m - n$.	18.	Show "a quarter past noon" on the clock face below. 

9.	Draw a square in the space below.	10.	Work out; Hours Minutes $ \begin{array}{r} 4 \quad 30 \\ +1 \quad \underline{\quad} \\ \hline \end{array} $
11.	Find and fill in the missing number. <input type="text"/> + 15 = 31	12.	Find the range of the numbers 42, 13, 8 and 19.
13.	The LCM and GCF of two numbers are 36 and 6 respectively. If one of the numbers is 12, find the other number.	14.	Multiply; 315×24
15.	Using a ruler and a pair of compasses only, construct a perpendicular line through point x.	16.	Find the area of the triangle WXY below. 
17.	Give that $m = 4$ and $n = 10$, find the value of $3m - n$.	18.	Show "a quarter past noon" on the clock face below. 

(c)	If he goes playing immediately after washing and plays for $1\frac{1}{2}$ hours, at what time does he stop playing?		
29.	A wire of length 88cm was folded to form a circle. (a) Find the radius of the circle formed. (Use $\pi = \frac{22}{7}$)	(b)	Calculate the area of the formed circle.
30.	On a poultry farm, there are 30 layers, 40 broilers and the rest $\frac{1}{8}$ are dual purpose birds. (a) How many birds are on the poultry farm altogether?	(b)	Find the number of dual purpose birds on the farm.
31.	In a shop, the cost of an exercise book is sh. 400 less than the cost of a ruler. Given that the cost of 5 exercise books is equal to the cost of 3 rulers, find; (i) the cost of each item.	(b)	total cost of a dozen of exercise books.

32. The graph below shows the price of petrol and diesel at a fuel station. Study and use it to answer questions that follow.

(a) What is the cost of each litre of;

(i) petrol? (ii) diesel?

(b) A taxi driver asked for 15 litres of diesel, how much money did he pay?

(c) A boda boda cyclist paid sh. 15000 for petrol. How much petrol was he given?

(05 Marks)

SECTION .A. (40 Marks)

1. Name the major line of longitude on the globe.

2. Which election equipment is used to verify registered voters?

3. State any one problem affecting the people who live near mining centres.

4. Name the Island along the coast of East Africa that is famous for clove growing.

5. Give any one solution to the rising strikes and demonstrations in Ugandan schools.

6. According to the legend of the Luo, which son of Olum was a farmer?

7. Mention any one form of child abuse in Uganda.

8. How many East African Community member states were there before 2007?

9. Name the electoral system where a voter is not free from interference of onlookers.

10. Why are people encouraged to fence their homes?

11. Give any one characteristic of semi desert climate experienced in some parts of Uganda.

12. Name any one relief feature that was formed as a result of faulting.

13. Which Buganda's traditional leader allowed the first group of Arab traders to enter his kingdom?

14. Under which type of culture do ornaments belong?

15. Suggest any one result of overfishing on water bodies of Uganda.

16. Give the similarity between Lake Kyoga and Lake Kwania in terms of formation.

17. State any one way of caring for coffee seedlings in a nursery bed.
18. Apart from rafts, mention one other traditional means of water transport.
19. Who is a nationalist?
20. Mention any one example of school rules that promotes team work among learners at school.
21. Give any one way mangrove forests are useful to fishermen along the East African coast.
22. How can farming be made possible in dry areas of East Africa?
23. Give any one safe way of using roads in Uganda.
24. State the neighbouring country of Uganda that totally lies in Northern hemisphere.
25. Which social activity increases the chances of contracting Sexually Transmitted Diseases (STDs)?
26. On which river do we find Kariba dam?
27. Write NEMA in full.
28. Suggest any one factor that makes Africa different from other continents of the world.
29. Mention any one challenge pilots may face when flying aeroplanes without a compass.
30. Which type of fish is commonly caught in swampy areas of East Africa?

31. State any one way of saving wood fuel at home.

32. Mention any one cause of climate change in East Africa.

33. Give any one leader in a district that is charged with security.

34. In which one way did the Portuguese explorers improve farming at the coast of East Africa?

35. Give any one way people in the past were politically organised in East Africa.

For each of the questions 36 - 40, answer Either the Christianity Or the Islamic question but not both. No marks will be awarded to a pupil who attempts both alternatives in a particular number.

36. Either: Mention one unpaid service AIDS victims get from The AIDS Support Organisation (TASO).

Or: Mention one unpaid service AIDS victims get from The AIDS Support Organisation (TASO).

37. Either: Name any one Christian denomination in Uganda.

Or: Name any one Islamic sect in Uganda.

38. Either: State any one way the Ten Commandments help Christians in their daily lives.

Or: Give any one way pillars of Islam help Muslims in their daily lives.

39. Either: What is the value of work to God's people?

Or: What is the value of work to Allah's people?

40. Either: Which type of decision did Job do after losing all his property?

Or: Which type of decision did Prophet Ayyub do after losing all his property?

SECTION .B. (60 Marks)

41. (a) Mention any two examples of non-verbal means of communication.

(i) _____

(ii) _____

(b) Give a reason why most people today prefer telephones in communication to radios.

(c) State any one problem faced when using traditional means of communication.

42. (a) State any one tourist attraction found in East Africa.

(b) Give any two economic contributions of tourism sector in East Africa.

(i) _____

(ii) _____

(c) Mention any one way of promoting tourism industry in East Africa.

43. (a) What are economic activities?

(b) State any two economic activities done in your area.

(i) _____

(ii) _____

(c) Give any one challenge faced by people at work.

Study the map below and answer question 44.

44. (a) Name the sea where river M pours its water.

(b) Which delta is marked P on the map above?

(c) How important is Lake A to Blue Nile?

(d) Mention any one tributary of river marked X.

45. (a) Suggest any two examples of crafts made from palm leaves.

(i) _____

(ii) _____

(b) State any two sources of raw materials for the craft industry.

(i) _____

(ii) _____

46. (a) Give any two examples of invisible exports for Uganda.

(i) _____

(ii) _____

(b) Suggest two ways Uganda can earn more revenue from her exports.

(i) _____

(ii) _____

47. Match items in list A to those in list B correctly.

LIST A

Gregory Maloba

Major Akorimo Kanuti

Sir Winston Churchill

Peter Wingard

LIST B

named Uganda the Pearl of Africa.

helped Kakoma to compose the Uganda National Anthem.

designed Uganda's Independence Monument.
raised Uganda National Flag for the first time.

(i) Gregory Maloba

(ii) Akorimo Kanuti

(iii) Wisnton Churchill

(iv) Peter Wingard

48. (a) Give any two reasons for the collapse of East African Community (EAC) in 1977.

(i) _____

(ii) _____

(b) Mention one department of East African Community (EAC) that survived its collapse in 1977.

(c) In which way did Somalia join East African Community (EAC)?

49. (a) State any two examples of social services offered by a post office.

(i) _____

(ii) _____

(b) In which way are heavy rains a challenge to the transport sector?

(c) Suggest any one way of caring for social service centres like post offices.

50. (a) Give one factor that forced the Bantu to leave Cameroon highlands.

(b) State any two ways the Bantu affected the Bushmen.

(i) _____

(ii) _____

(c) Give a reason why the Bantu settled in the interlacustrine region.

For each of the questions 51 - 55, answer Either the Christianity Or the Islamic question but not both. No marks will be awarded to a pupil who attempts both alternatives in a particular number.

51. Either: (a) Mention any two qualities of a good marriage partner.

(i) _____

(ii) _____

(b) Give any one importance of good advice to a marriage partner.

(c) Name one symbol of holy marriage.

Or: (a) Mention any two qualities of a good marriage partner.

(i) _____

(ii) _____

(b) Give any one importance of a good advice to a marriage partner.

(c) Mention any one symbol of Nikkah.

52. Either: (a) Give any two Roman Catholic Missionaries that came to Uganda in 1879.

(i) _____

(ii) _____

(b) In which way did Alexander Mackay's printing press help in spreading Christianity?

(c) State any one problem early missionaries faced in Uganda.

Or: (a) Give any two Arabs that came to Uganda in the 19th century.

(i) _____

(ii) _____

(b) In which way did Kabaka Sunna II contribute to the spread of Islam in Uganda?

(c) State any one problem the Arabs faced in Uganda.

53. Either: (a) What do you understand by the term "peace"?

(b) Suggest any two traditional ways of restoring peace.

(i) _____

(ii) _____

(c) State any one advantage of living at peace with others.

Or: (a) What do you understand by the term "peace"?

(b) Suggest any two traditional ways of restoring peace.

(i) _____

(ii) _____

(c) State any one advantage of living at peace with others.

54. For both: (a) Mention any two activities God's people do in the church/mosque.

(i) _____

(ii) _____

(b) Give any two acts that spoil God's relationship with man.

(i) _____

(ii) _____

55. Either: (a) Suggest any two things Christians can do to have everlasting life.

(i) _____

(ii) _____

(b) Give two ways how people in African Traditional Religion (ATR) remembered their dead.

(i) _____

(ii) _____

Or: (a) Suggest any two things Muslims can do to have everlasting life.

(i) _____

(ii) _____

(b) Write down two ways how people in African Traditional Religion (ATR) remembered their dead.

(i) _____

(ii) _____

SECTION .A. (40 Marks)

1. Name the human body organ protected by the skull.

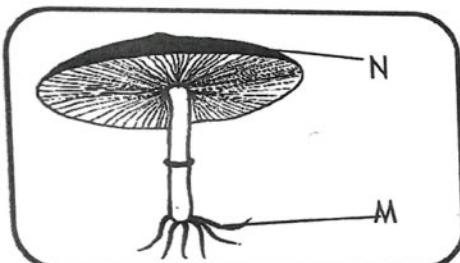

2. Give a reason why soft boards are put in cinema halls.

3. Of what importance are PIASCY messages to schoolchildren?

4. What happens to ice when it is put in direct sunshine?

5. Suggest any one way rabbit farmers can ensure easy circulation of air in their hutches.

The diagram below shows a fungus, use it to answer questions 6 and 7.

6. Name the part marked N.

7. How is part marked M useful to the above fungus?

8. Why is it not good to wear dirty clothes?

9. Name the breed of goats kept for mohair.

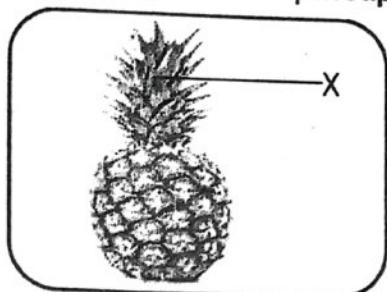

10. State a reason why biceps and triceps are called antagonistic muscles.

11. In which way do diarrhoeal diseases lead to dehydration?

12. Mention any one example of non-living renewable energy resources.

13. Give any one food stuff rich in proteins.

Use the diagram of a pineapple below to answer question 14.

14. Name the part marked X sometimes used for pineapple propagation.

15. State any one advantage of switching off electricity after using it.

16. Why is sheep shearing usually done in the dry season?

17. State the recommended first aid for fever.

18. Mention any one indicator of poor personal hygiene among schoolchildren.

19. What name is given to particles of an atom which don't carry any charge?

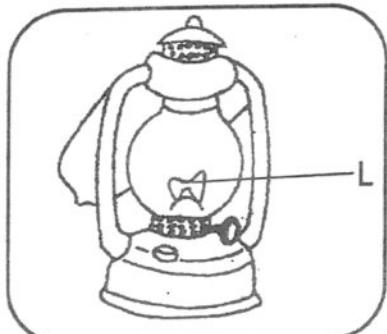

20. How is a forked hoe useful to crop farmers?

21. Mention any one biological change that occurs both in plants and animals.

22. As a P.7 candidate, how can you prevent other pupils from smoking?

23. Why is it a good practice to keep drugs out of reach of children in a home?

The diagram below shows a lantern lamp. Use it to answer question 24.

24. Mention any one form of energy produced at L.

25. State the role of the sun in the water cycle.

26. Suggest a reason why weaning babies are given soft foods.

27. In which one way are testes of humans similar to anthers of flowers?

28. Name the body organ used for filtering blood.

29. State any one effect of alcoholism to an individual.

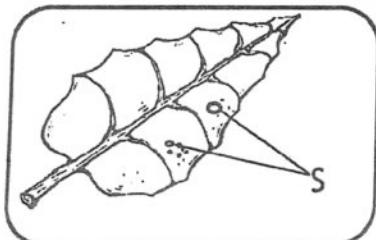

30. Write down one example of short bones found on the human skeleton.

31. Give any one advantage of carrying out steaming up on a dairy farm.

32. Mention any one way of making washed clothes dry faster.

33. In which one way is saliva useful during digestion of food?

Use the diagram of a leaf below to answer question 34.

34. How are holes marked S useful to a plant?

35. Give a reason why weeds should be removed from a tuber crop garden.

36. Which feature on an ordinary pit latrine prevents houseflies from entering into the pit?

37. How does gonorrhoea disease in pregnant women affect the unborn babies?

38. Give a reason why laying nests should be put in dark places in a poultry house.

39. How does the diaphragm behave during exhalation?

40. Mention any one example of crops that take less than a year to grow and mature.

SECTION .B. (60 Marks)

41. (a) Mention any two weather conditions managed by using umbrellas.

(i) _____

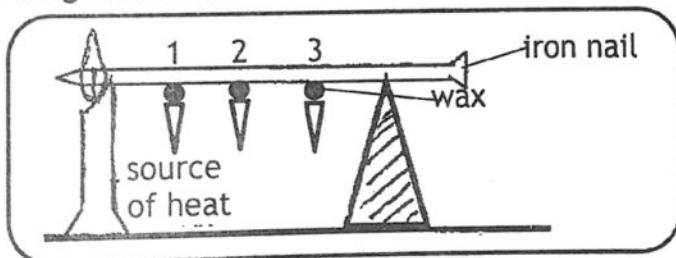

(ii) _____

(b) How are the following weather instruments useful at a weather station;

(i) barometer?

(ii) anemometer?

The diagram below shows a method of heat transfer. Use it to answer question 42.

42. (a) Which pin will fall last?

(b) Give a reason to support your answer in (a) above.

(c) By what process will heat reach the pins?

(d) State the use of heat transfer shown in the above diagram to a mother at home.

43. (a) Mention the component of air that enables plants to make food.

(b) In which two ways is the property of air "air exerts pressure" useful in our daily life?

(i) _____

(ii) _____

(c) Mention any one disease spread through breathing in contaminated air.

44. (a) State the two physical processes involved in the distillation of alcohol.

(i) _____

(ii) _____

(b) Mention a reason why the delivery tube is coiled when distilling alcohol.

(c) Write any one use of alcohol in hospitals.

45. (a) Apart from bees, name any one other insect that pollinates flowers.

(b) Mention any two characteristics of flowers that are pollinated by insects.

(i) _____

(ii) _____

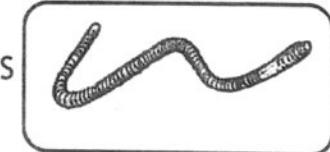

(c) Which process in sexual reproduction of plants follows pollination?

The diagrams below show different animals. Use them to answer question 46.

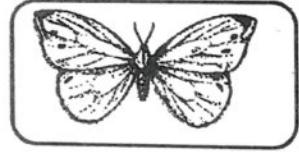

R

S

T

46. (a) To which group of invertebrates do the following animals belong;

(i) R? _____

(ii) T? _____

(b) How does animal marked S breathe?

(c) Mention any one animal that belongs in the same group as animal marked R.

47. (a) What determines sinking and floating of objects?

(b) Write down one object that sinks in water.

(c) Give a reason why some objects sink in water.

(d) State one difference between mass and volume in terms of units.

48. (a) Mention any one intestinal worm that feeds on blood.

(b) Write any two bad health habits that may lead to worm infestations.

(i) _____

(ii) _____

(c) How best can worm infestations be controlled among children?

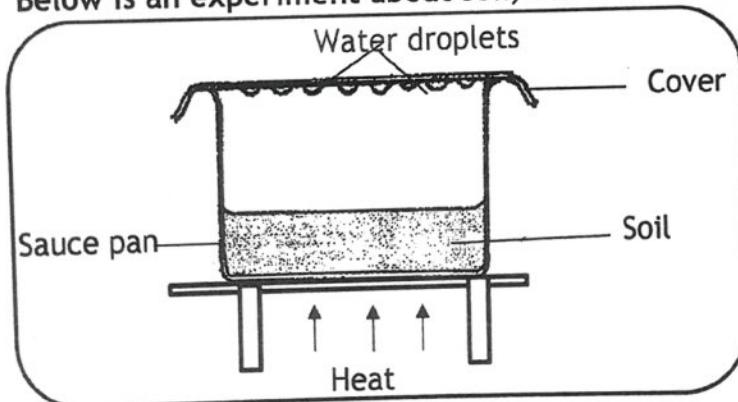

49. (a) How is the heart able to keep blood flowing in one direction?

(b) Which chamber of the heart pumps blood to the lungs?

(c) Why does blood flow to the lungs before it is pumped to the rest of the body?

(d) Write down any one substance carried by blood in the human body.

Below is an experiment about soil, use it to answer question 50.

50. (a) What does the experiment above prove about soil?

(b) By what process are water droplets formed?

(c) State the use of heat in the above experiment.

(d) Apart from water, name any one other component of the soil.

51. (a) Mention any two ways of making water safe for drinking.

(i) _____

(ii) _____

(b) Name any two diseases that may result from drinking contaminated water.

(i) _____

(ii) _____

52. (a) Mention any two items made from clay.

(i) _____

(ii) _____

(b) Suggest a reason why items made from clay should be handled with care.

(c) Which practice is done to make clay-made items harder?

53. (a) Mention the type of movable joint found at the;

(i) elbow _____

(ii) wrist _____

(b) State the function of synovial fluid found at joints.

(c) State the role of joints in the proper working of the skeletal system.

54. Match the following vectors with their germs they carry.

Vector

Female anopheles mosquito

Germ

onchocerca volvulus

Housefly

trypanosome

Black fly

plasmodia

Tsetse fly

trachomatis

(i) Female anopheles mosquito _____

(ii) Housefly _____

(iii) Black fly _____

(iv) Tsetse fly _____

55. (a) In which two ways can P.7 candidates promote PHC at school?

(i) _____

(ii) _____

(b) Which element of PHC encourages production of healthy babies among women?

(c) In which way do pregnant women promote the element of PHC you have named in

(b) above?

SECTION .A. (50 Marks)

Subsection I

Fill in the blank space with a suitable word.

1. I love my _____ because she carried me in her womb for nine months before I was born.
2. When shall we break _____ for our holidays this term?
3. Children who behave _____ are not treasured in any community.
4. Oleksander would rather fetch water _____ uproot cassava.
5. She started dressing in miniskirts when she became _____ university student.
Use the correct form of the word in brackets to complete the sentence.
6. Most _____ cry at night. (baby)
7. One of the debaters _____ for almost two minutes without pausing during the debate. (speak)
8. The sacristan forgot to clean the _____ pew from the altar. (nine)
9. What is URA's next football _____? (fix)
10. I am _____ to stand for the post of Head girl when I join a secondary school. (go)
11. The harder P.7 candidates work, the _____ they will perform. (good)
12. A dictionary and a thesaurus are _____ useful. (equal)
13. If I were a _____, I would not sell a very sugary cake to a diabetic person. (bake)
14. It is easy to carry out winnowing during the _____ weather. (wind)
15. _____ school is located near a police station. (We)

Give the plural form of the given word.

16. toy _____
17. mouse _____

Rewrite the sentence giving a single word for the underlined group of words.

18. This year's school calendar started in the second month of the year.
-

19. Some P.1 pupils cry whenever they are in need of what to eat.
-

20. Look! School children are crossing the road without care.
-

Write the full form of the given short form.

21. kg _____
22. won't _____

Rewrite the sentence giving the opposite of the underlined word.

23. The wet season is about to begin.
-

24. Is Doctor Mungereza your aunt?

Use each word in a sentence to show that you know their difference in meaning.

25. cell

26. sell

Rearrange the words in alphabetical order.

27. lamb, puppy, calf, kid

28. weed, wed, weave, wave

Rewrite the words in the correct order to form a sentence.

29. make pot will out a clay I of.

30. name your is What?

Subsection II

Rewrite the sentence as instructed in the brackets.

31. Show me the footballer. He scored the winning goal using his heel.

(Use: _____ who _____)

32. The classroom is very dirty. One pupil cannot sweep it alone.

(Join using: _____ so _____ that _____)

33. Kato studies at First-class Primary School. Kakuru studies at First - class Primary School. (Begin: Both _____)

34. I don't make furniture. (Use: _____ a _____)

35. If I get a fountain pen, I will write a letter to my cousin. (Use: _____ I got _____)

36. Children like watching cartoons more than doing domestic chores.

(Use: _____ prefer _____)

37. What a small girl Kakye is! (Begin: Kakye _____)

38. "I am the chairperson of the debate," said Rebecca. (Begin: Rebecca said that _____)

39. Kotwa is very sick. She cannot move her arm. (Use: ____ too ____ to ____)

40. Chicks hide themselves every time they see a kite. (Begin: Whenever ____)

41. Azizion can pronounce this word, can't he? (End: _____, can he?)

42. Our teacher tells us tales many times. (Use: ____ often ____)

43. Brian will not knead the dough. Boris will not knead the dough. (Begin: Neither ____)

44. Murray does not teach. He repairs vehicles. (Join using: ____ not a ____ but ____)

45. Some people do not sleep in treated mosquito nets. They contract malaria.
(Join using: ____ because ____)

46. A saw is used to cut wood. (Use: ____ for ____)

47. It is not necessary for the barber to shave his eyebrow. (Use: ____ needn't ____)

48. The suspect hid himself in the granary immediately he saw the police.
(Begin: As soon as ____)

49. Breathing in fuels is very dangerous. (Begin: It ____)

50. I would like to know your name, please. (Begin: May ____?)

SECTION .B. (50 Marks)

51. Read the passage below carefully and answer, in full sentences, the questions that follow.

Jobena is a P.7 candidate this year. Her dream has always been to be a doctor. In fact, she has nicknamed herself Doctor Jobena. She likes this profession because her life was saved by a paediatrician at her tender age. She treated her pneumonia and measles when she was just a two- year - old girl as told by her parents who are both shopkeepers.

This is Jobena's final year of her primary course. To achieve her dream, she has immediately begun her academic struggle seriously. She attends remedial classes regularly. She always pays attention to her teachers whenever they are teaching.

Jobena promises to spend holiday time wisely. She has for example already designed a holiday plan. This will help her to use her time profitably. According to her plan, she will use the first seven days to do her holiday package.

She will then help her parents in doing domestic chores for other seven days. The last week of her holidays will be spent in Kasese while on a tour with her aunt, Jackie. She is such a determined girl that all her teachers and parents are proud of her.

53. Read the poem below carefully and answer in full sentences, the questions that follow.

I hear the bell ringing
It's time to stop learning
Girls want to skip ropes
Boys will happily play football
It's time for break.

I hear the bell ringing
It's time to go to the kitchen
Stand in a very long queue
Cooks serve us food one by one
It's time for lunch.

I hear the bell ringing
It's time to go to the playground
Ready to obtain physical fitness
We shall run, jump and shout
It's time for games.

Mzumzu

Mery: Good afternoon, Dora.

Dora: _____

Mery: What are you looking for?

Dora: _____

Mery: Your pen! Where had you kept it?

Dora: _____

Mery: Where was your mathematical set?

Dora: _____

Mery: In your schoolbag! Who do you think stole it?

Dora: _____

Mery: Why do you suspect Mwibi?

Dora: _____

Mery: You are right. He is a very notorious boy.

Let me help you with mine. Receive it.

Dora: _____

Mery: But what do you want to write?

Dora: _____

Mery: A letter! To whom do you want to write it?

Dora: _____

Mery: To your penfriend, Kipchei! Where does he come from?

Dora: _____

Mery: That means you will write it in Kiswahili. Kenyans speak this language.

Anyway, we shall report Mwibi to our class teacher.

END
